A taste of life from the SMU spoon,  
 Silver plated,  
 Sweet, thick, slow.  
 For some it is candy,  
 and we savour every mouthful.  
 For others it is a dose of medicine  
 and the taste of it lingers on.  
 Grab it by the handle and sip slowly —  
 Think about it.  
 SMU.

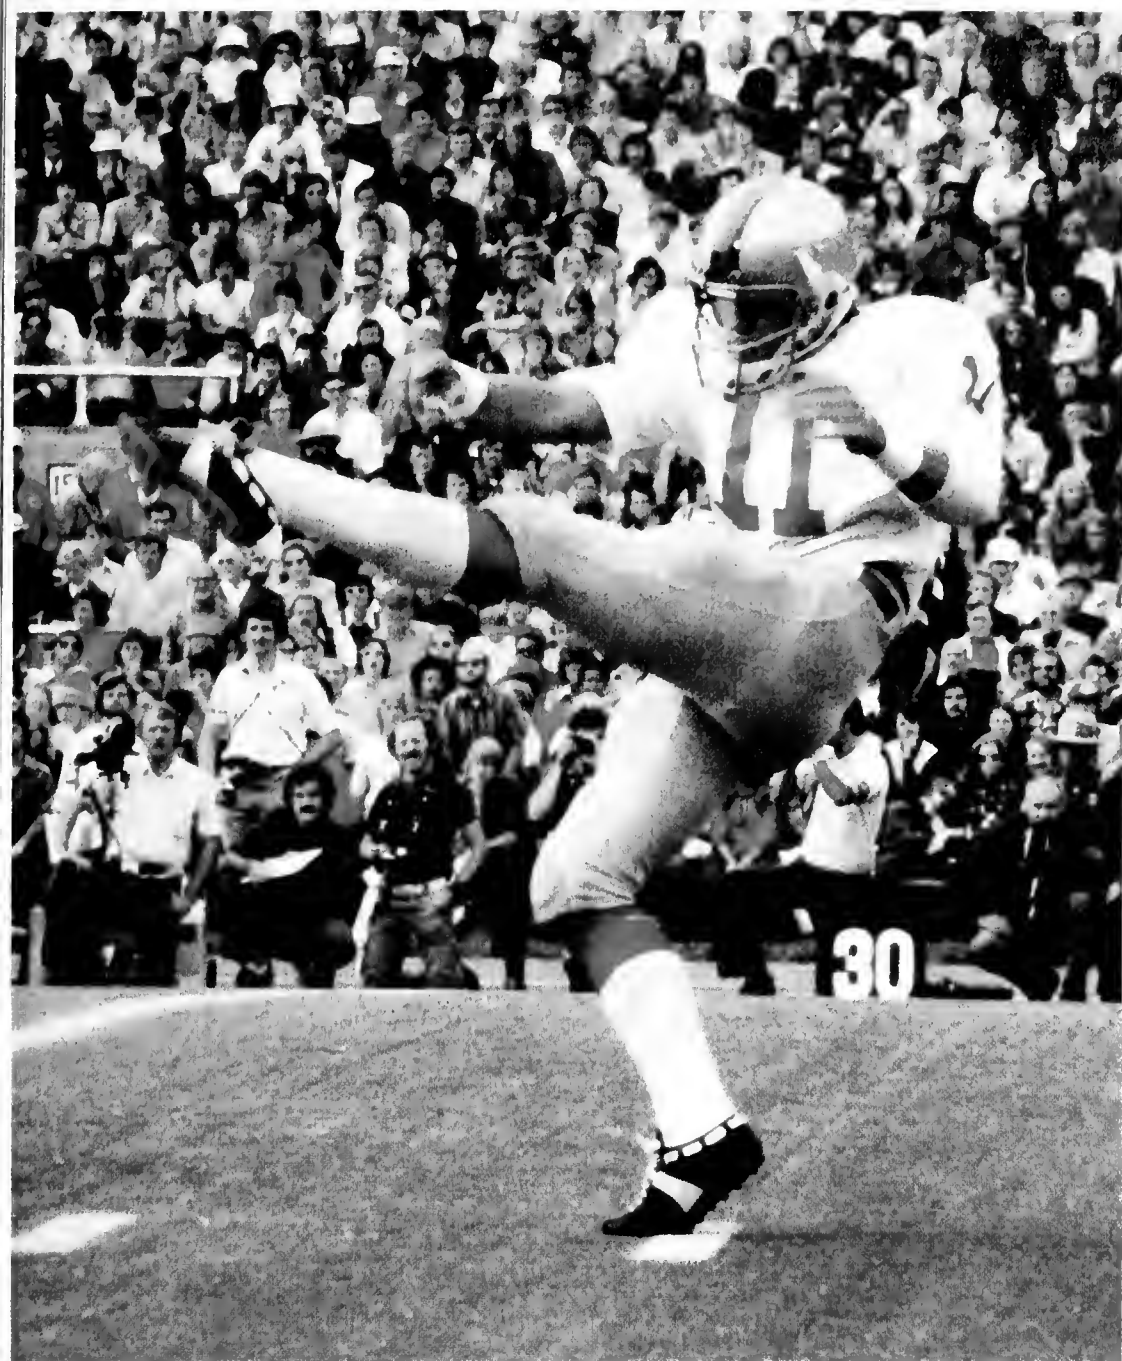

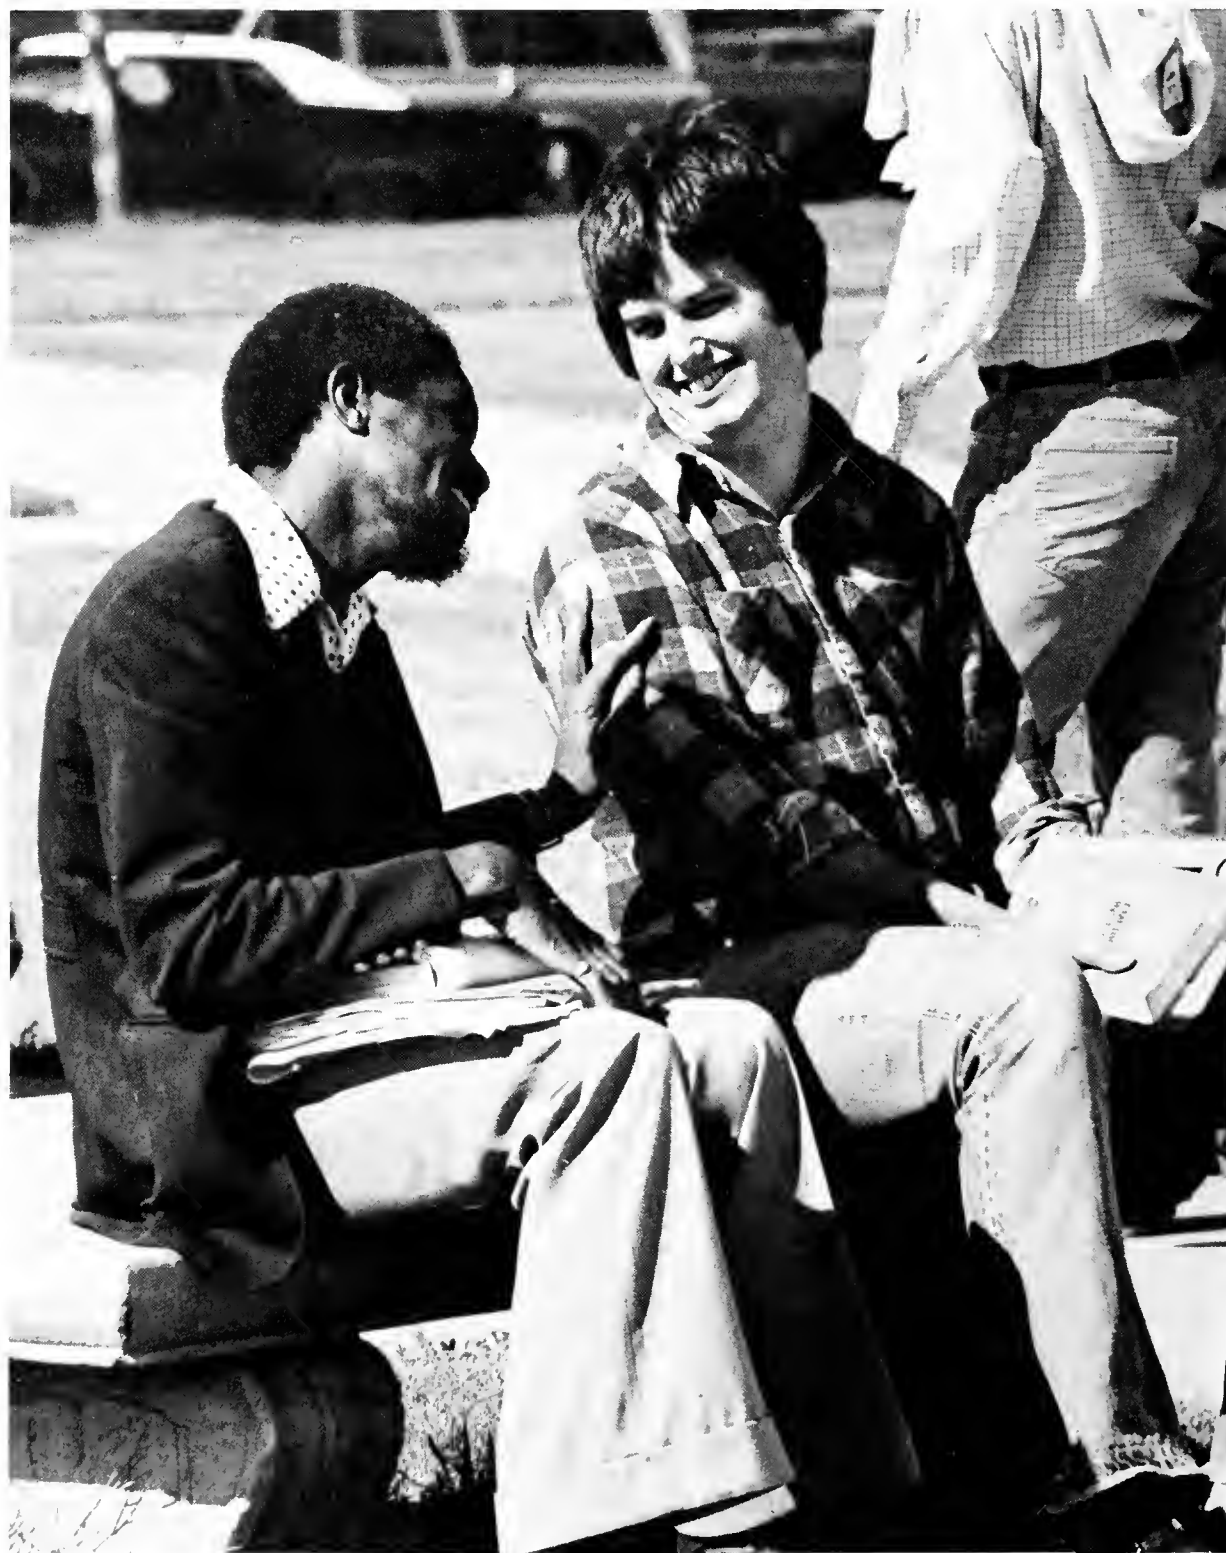

I remember my youth  
and the feeling that will  
never come back anymore  
— the feeling  
that I could last forever,  
outlast the sea,  
the earth,  
and all men.

Robert Conrad

What can you say about SMU?  
That you loved it, hated it —  
that it taught you  
or did not teach you,  
that you will take a piece of it  
when you go,  
and it will keep a part of you  
when you are gone.  
That it will make a difference, somehow  
in what you come to be.

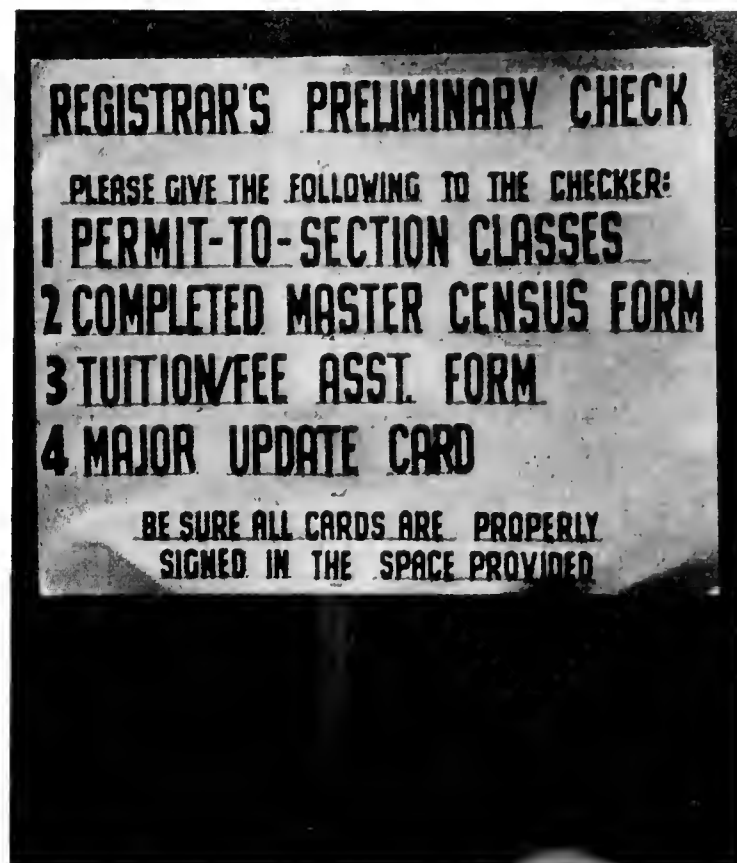

The pandemonium of the year  
began each semester at the only  
activity attended by 100% of the  
student body:

# Arts

Southern Methodist University plays a major role in the fostering of the arts in the Dallas area, and through its students we wish to disseminate throughout the nation an understanding, appreciation and enthusiasm for all Fine Arts.

A great education in the arts thrives on interaction between artists and on a wide acquaintance of each artist with the full range of human values expressed in other arts.

We at SMU believe the arts are a human necessity. They must be taught to be preserved. Our concerts, exhibitions, dramas and literary activities are meant to appeal to all students for enjoyment and encouragement of Fine Arts.

Kermit Hunter, *Dean*

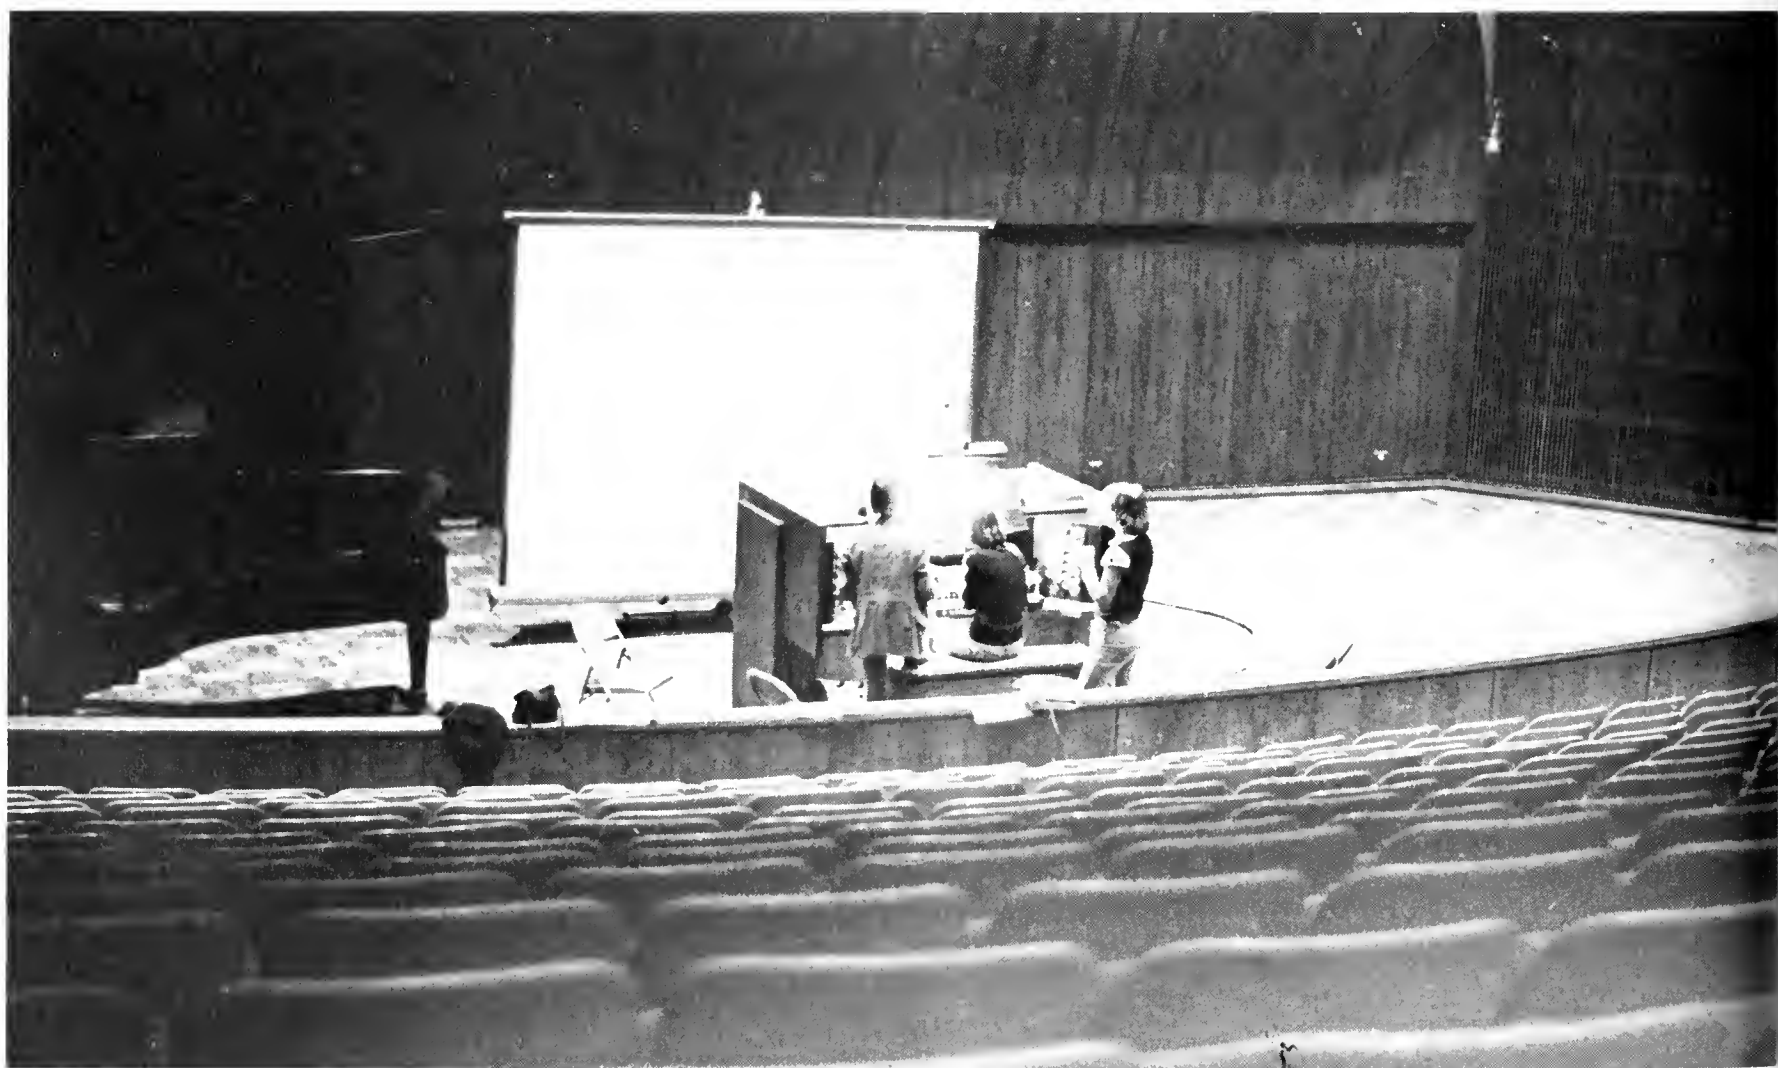

# Business

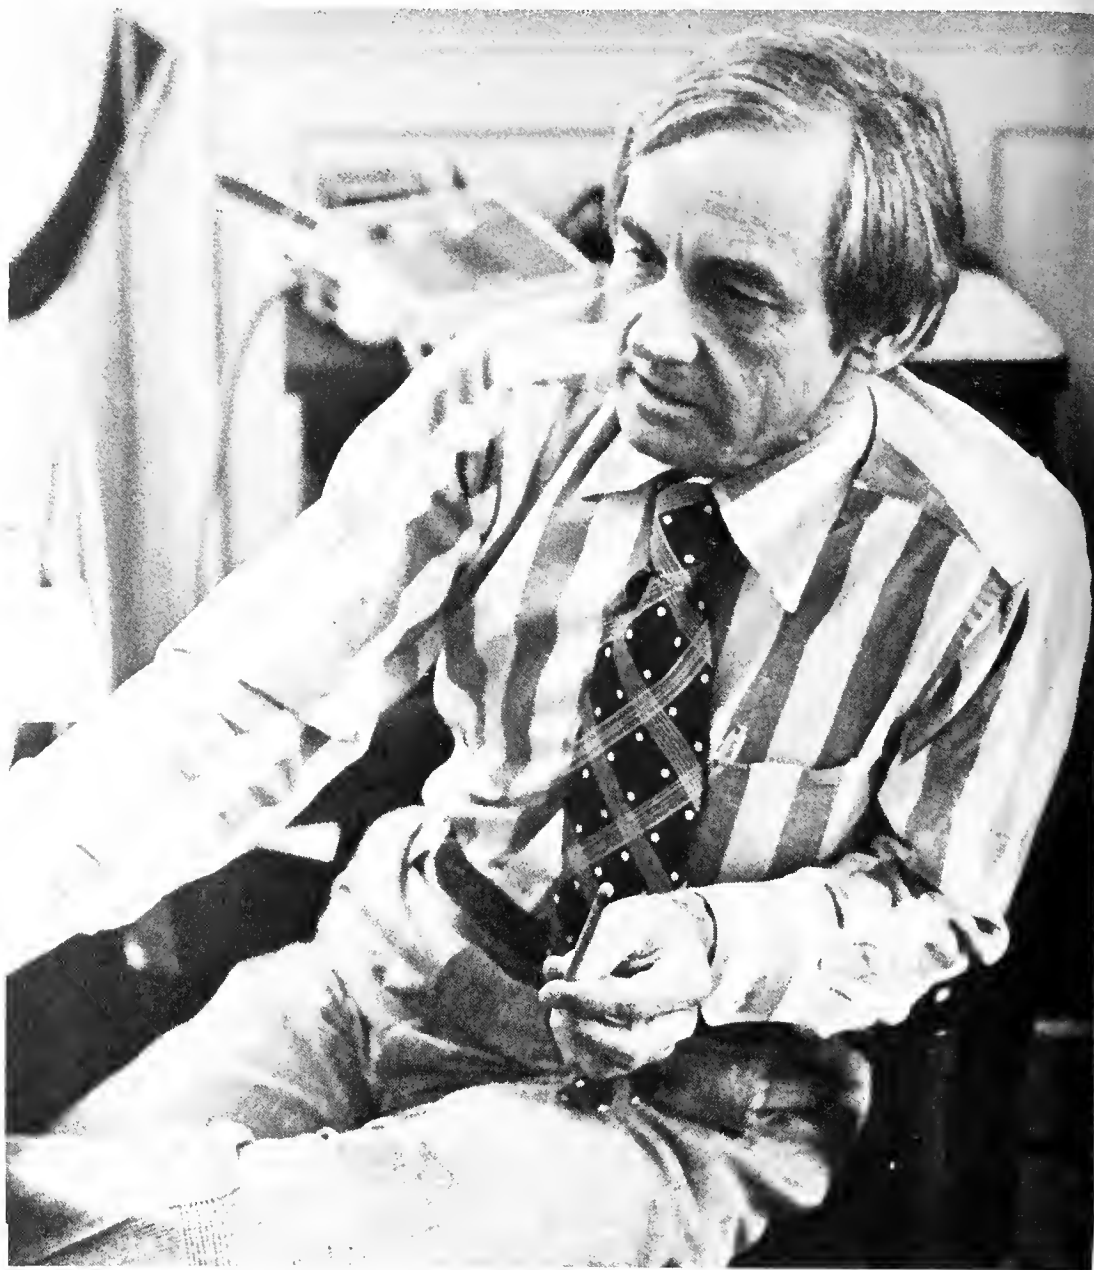

Business education has a new challenge in the mid-seventies. It's not enough to learn accounting, marketing, finance and labor relations.

Tomorrow's business leaders must be equipped to create and manage change — to discover and analyze problems, then implement solutions effectively — to maximize personal and organizational productivity — and to understand and carry forward the free enterprise system.

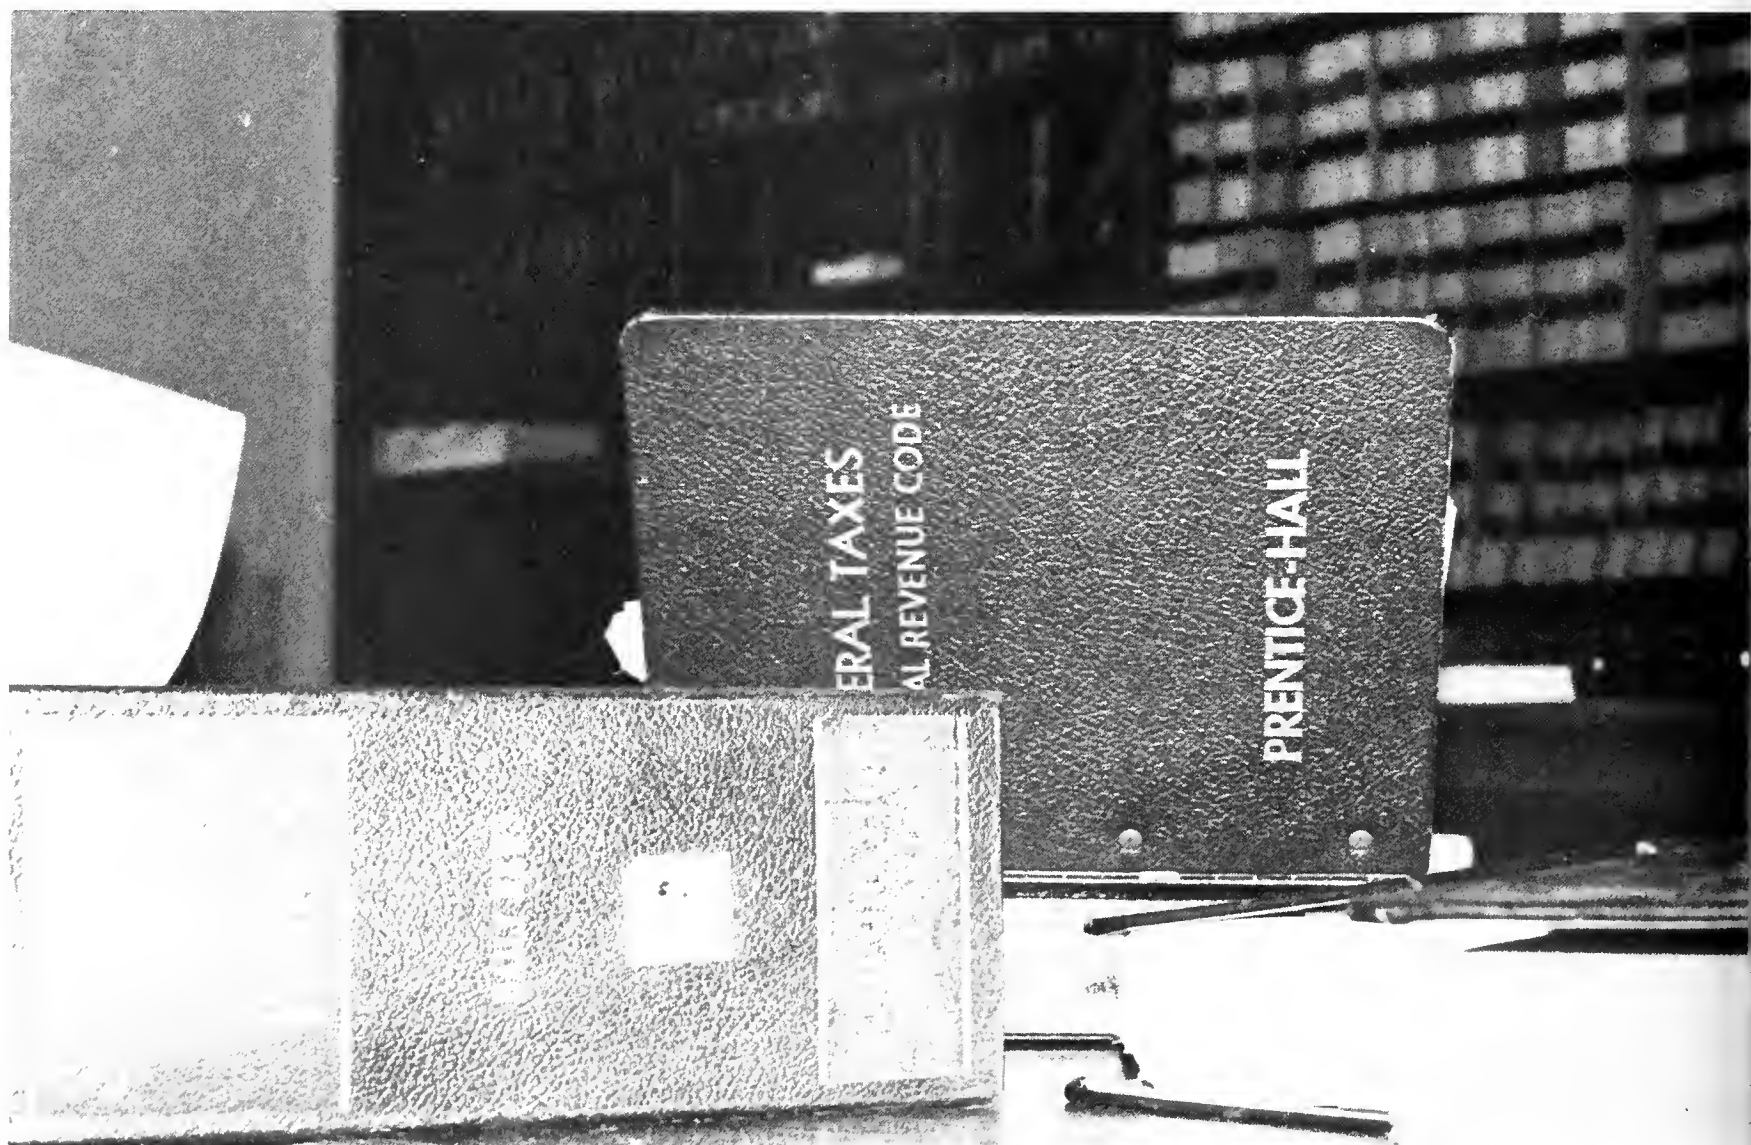

Business itself is under pressure from many fronts: government, consumers, shareholders and politicians. We, as students, must be thoroughly familiar with the advantages (and disadvantages) of this nation's business system and be able to articulate and defend it in future years.

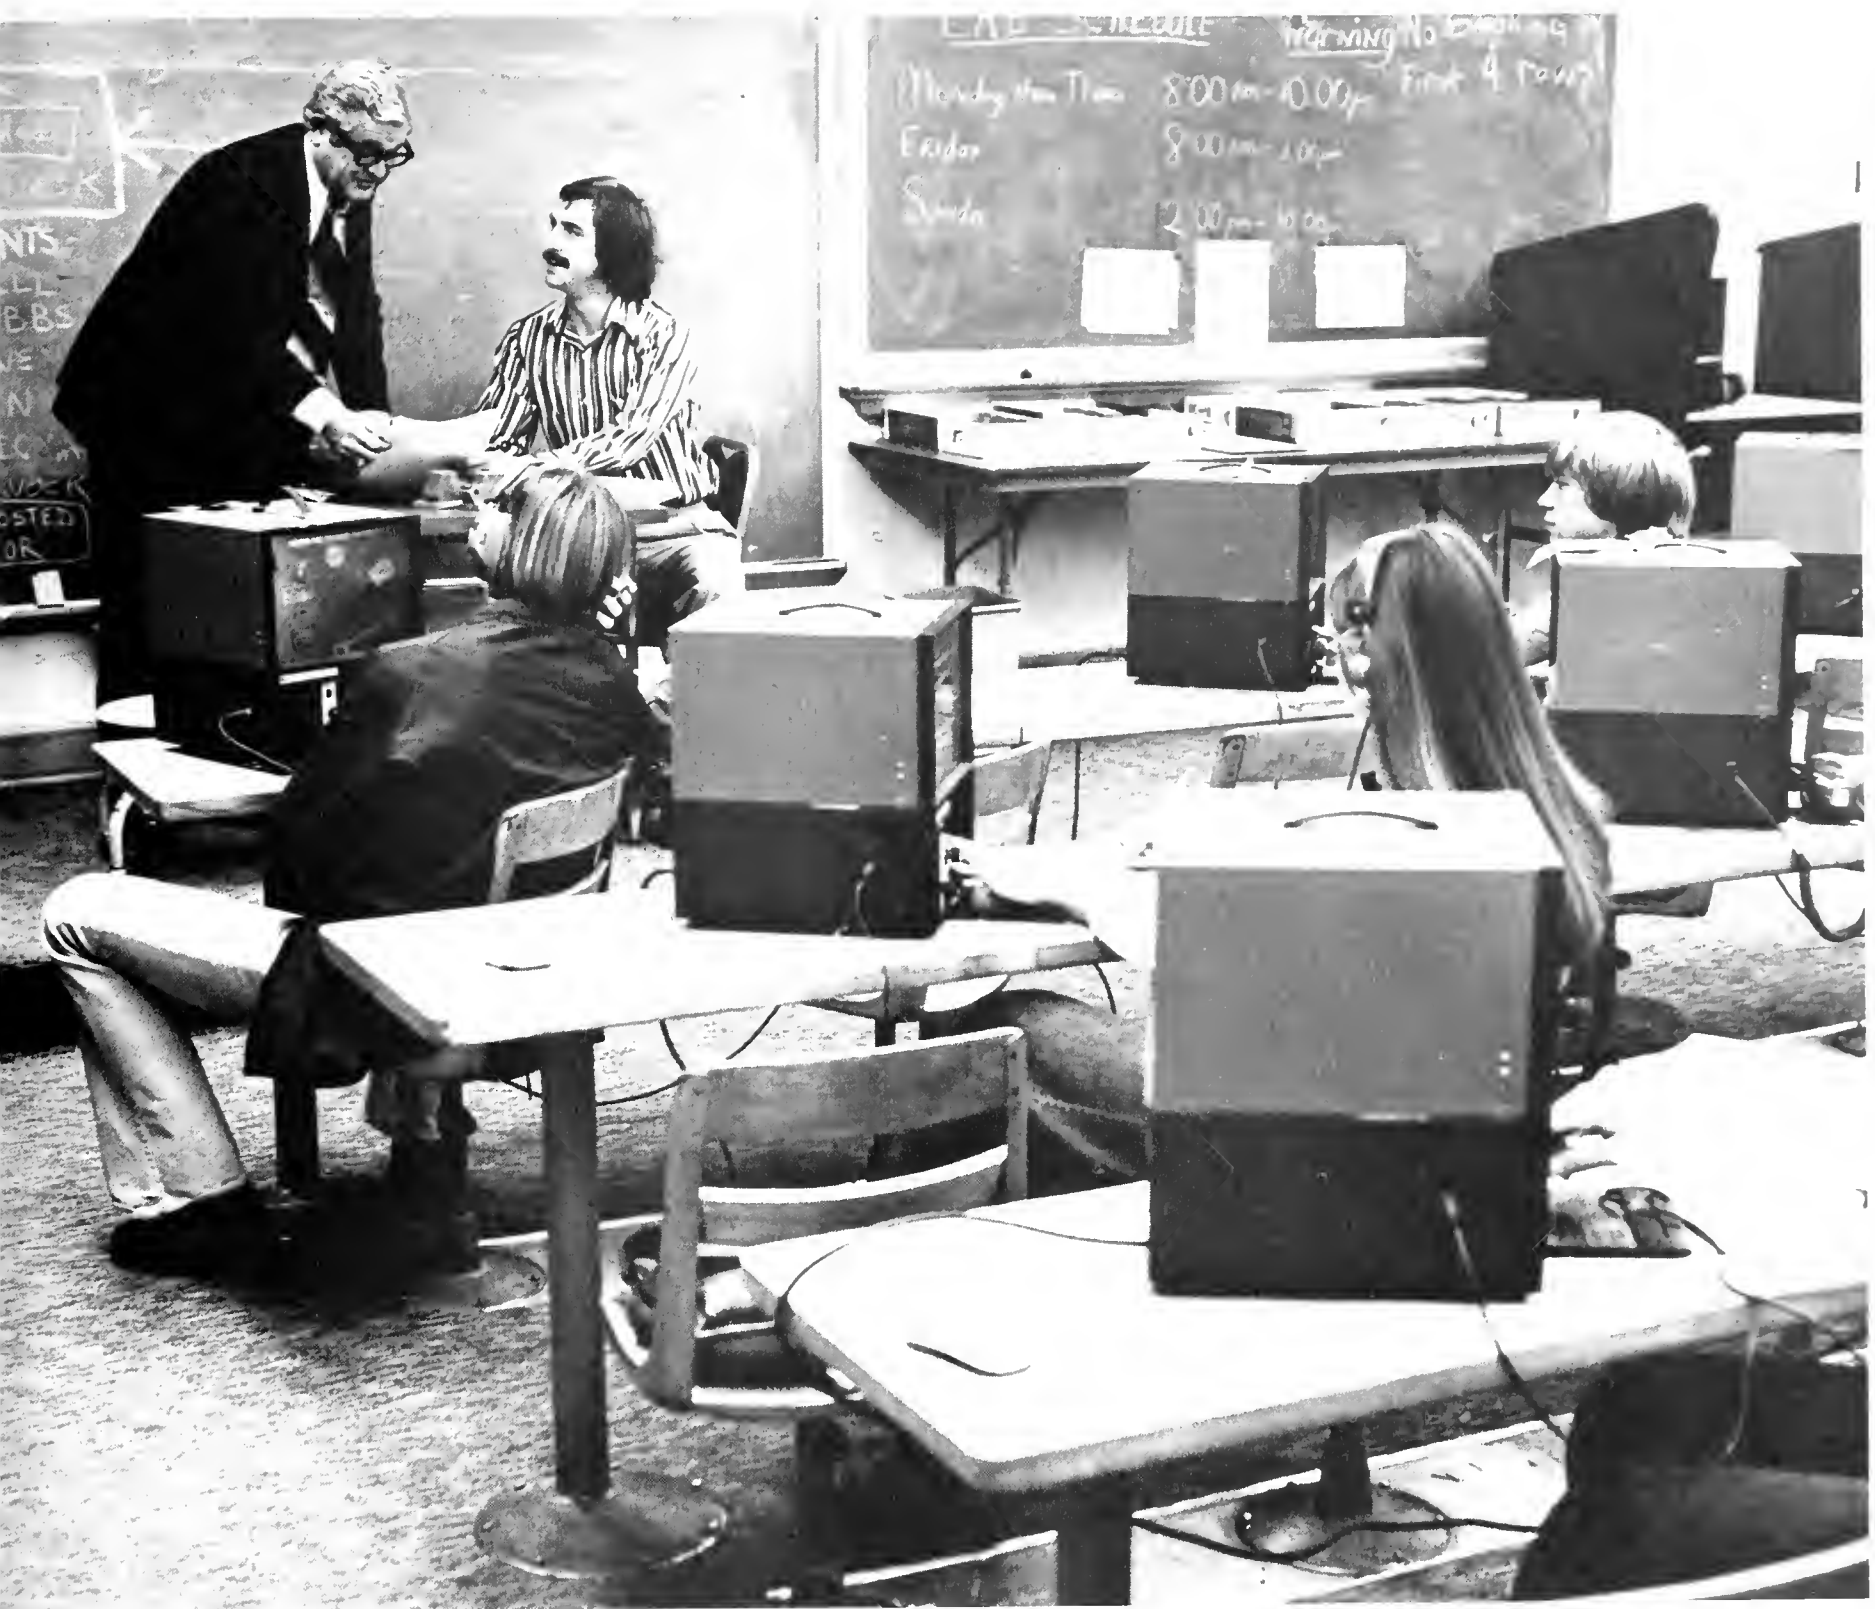

In the Business School we need to learn to make decisions and to take action. Our program is structured to emphasize these aspects. We are involved in action projects . . . internships . . . few required courses . . . business clinic . . . directed study. We are encouraged to design our own courses of study to prepare us for our individual careers. We have opportunities to plan our futures and explore careers in business.

This is a new look to business education and we're glad to be part of it.

C. Jackson Grayson, *Dean*

# Continuing Education

Non-traditional students are receiving attention nationally because they comprise the new majority in higher education. Because SMU recognizes the needs of this special group, the part-time student finds a full range of courses and programs in the School of Continuing Education.

The SMU Evening College offers courses to part-time students interested in a baccalaureate degree, graduate study, professional advancement or self-enrichment.

The Master of Liberal Arts degree program provides an opportunity for graduate study of the social, political and scientific aspects of the contemporary world.

Other programs structured for the non-traditional student include Seminars and Conferences; Correspondence and Independent Study; The Academy of Visual Communication; The Institute of Management; and an interesting variety of International Programs for a semester, summer or interterm abroad.

# H&S

The core of SMU's academic enterprise is the discipline of humanities and sciences, social and natural. The School of Humanities and Sciences, with 36 fields of study, provides more graduates than any other division at SMU.

The goal of the School is to offer an unparalleled undergraduate education. High priorities include scholarships to attract outstanding students and faculty sabbaticals for research and study.

The DeGolyer Library provides a great source for research and a generous endowment for books in American study is matched by chairs for leading scholars.

A. Lee McAlester, Jr., *Dean*

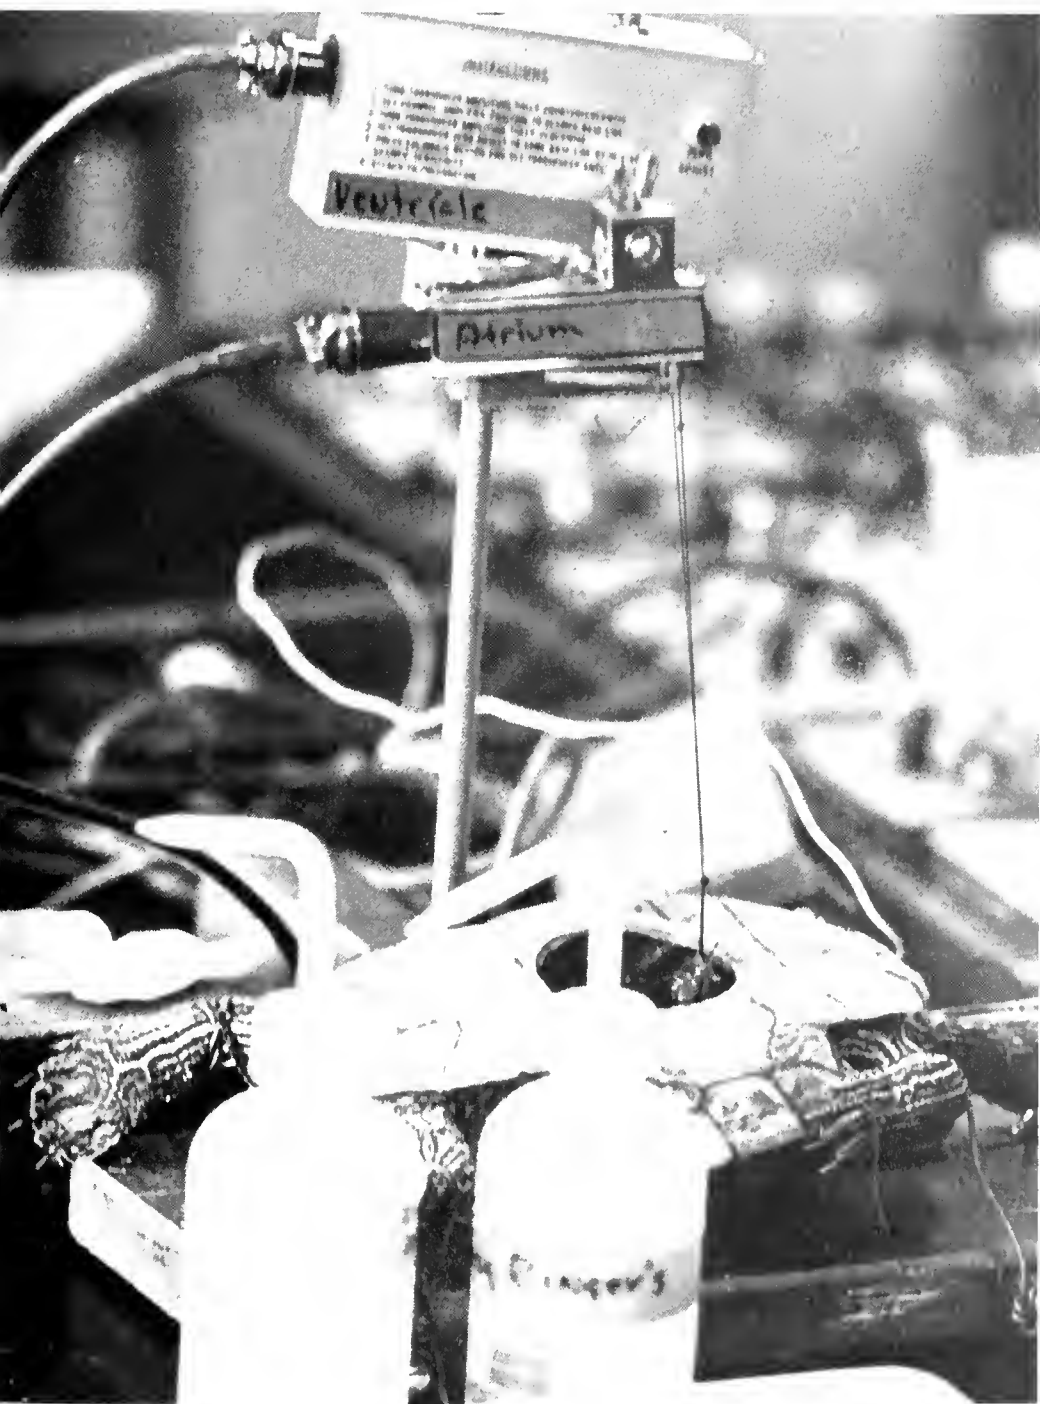

# Law

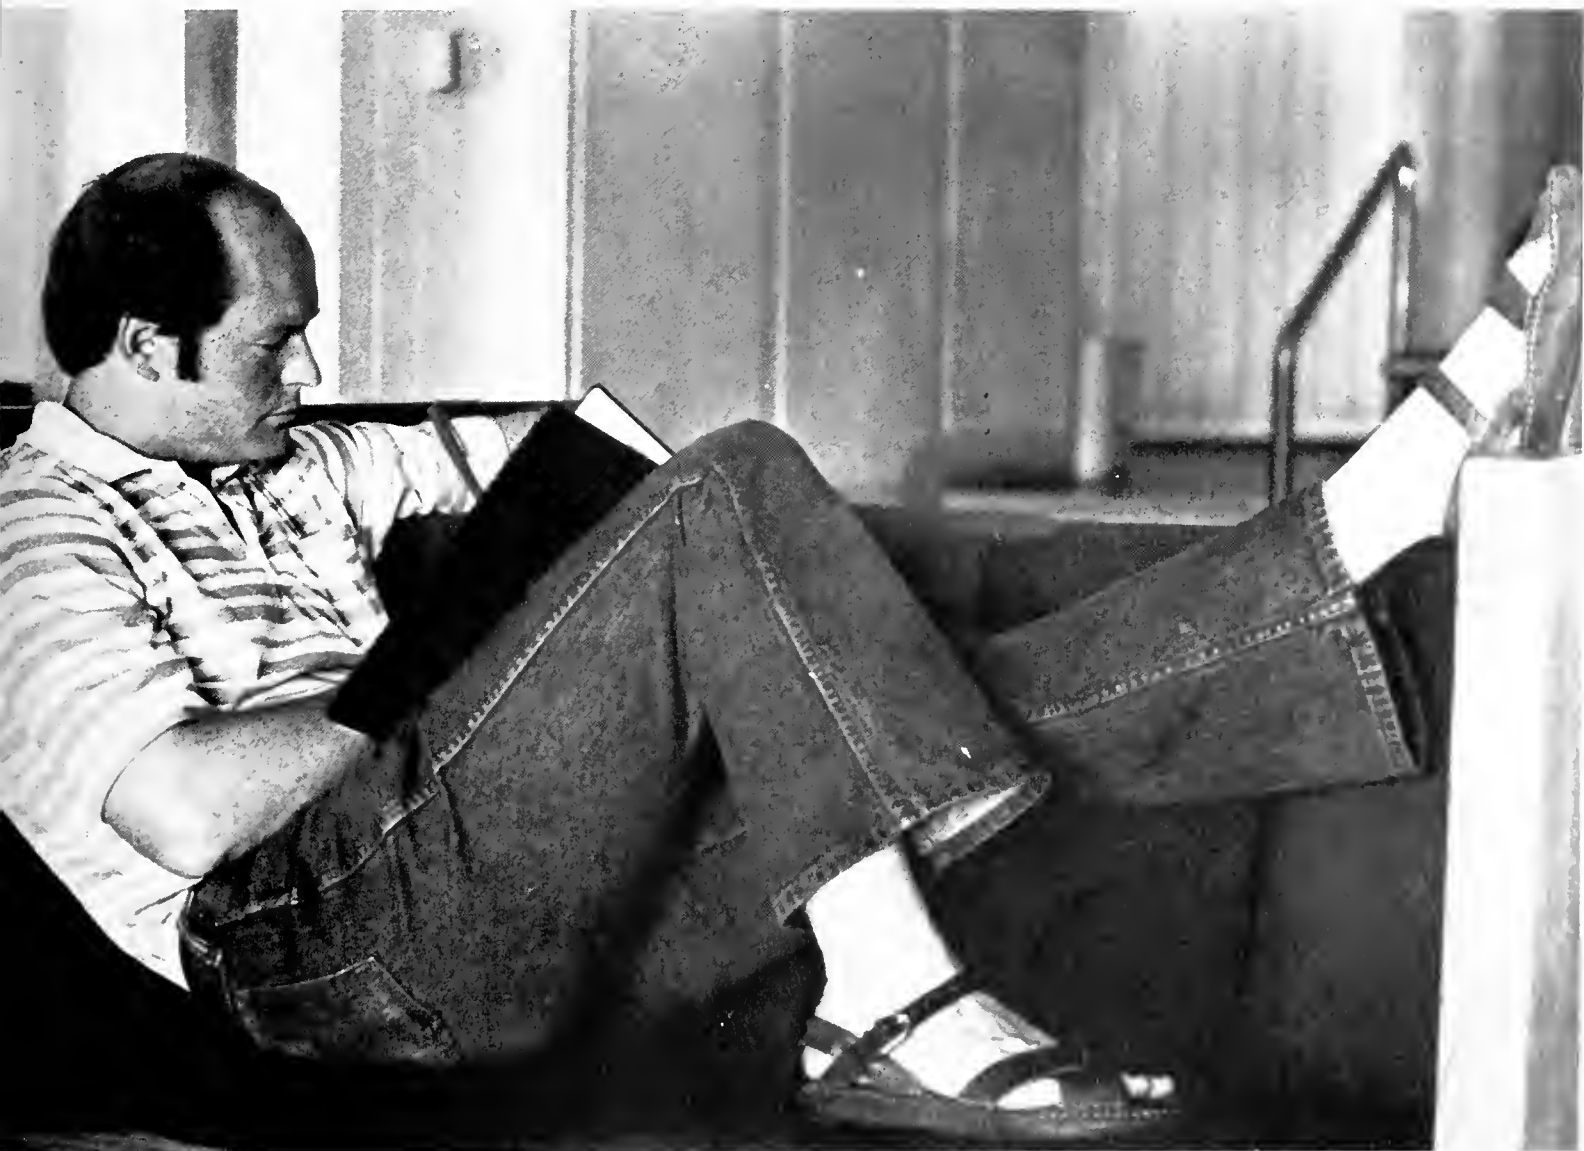

In this time of national stress perhaps the most appropriate message for law students would be to manifest as often as possible a sense of humor. More seriously, the problems of a free society will be resolved only as lawyers work diligently to protect all those legal institutions which guarantee our rights and liberties. The work of the lawyers is an important one, not only in the technical discipline of the law, but in those humane considerations which make the processes of the system work effectively for everyone, whatever his rank or station.

From the entire Law School faculty and staff we wish our students well in the challenging years ahead.

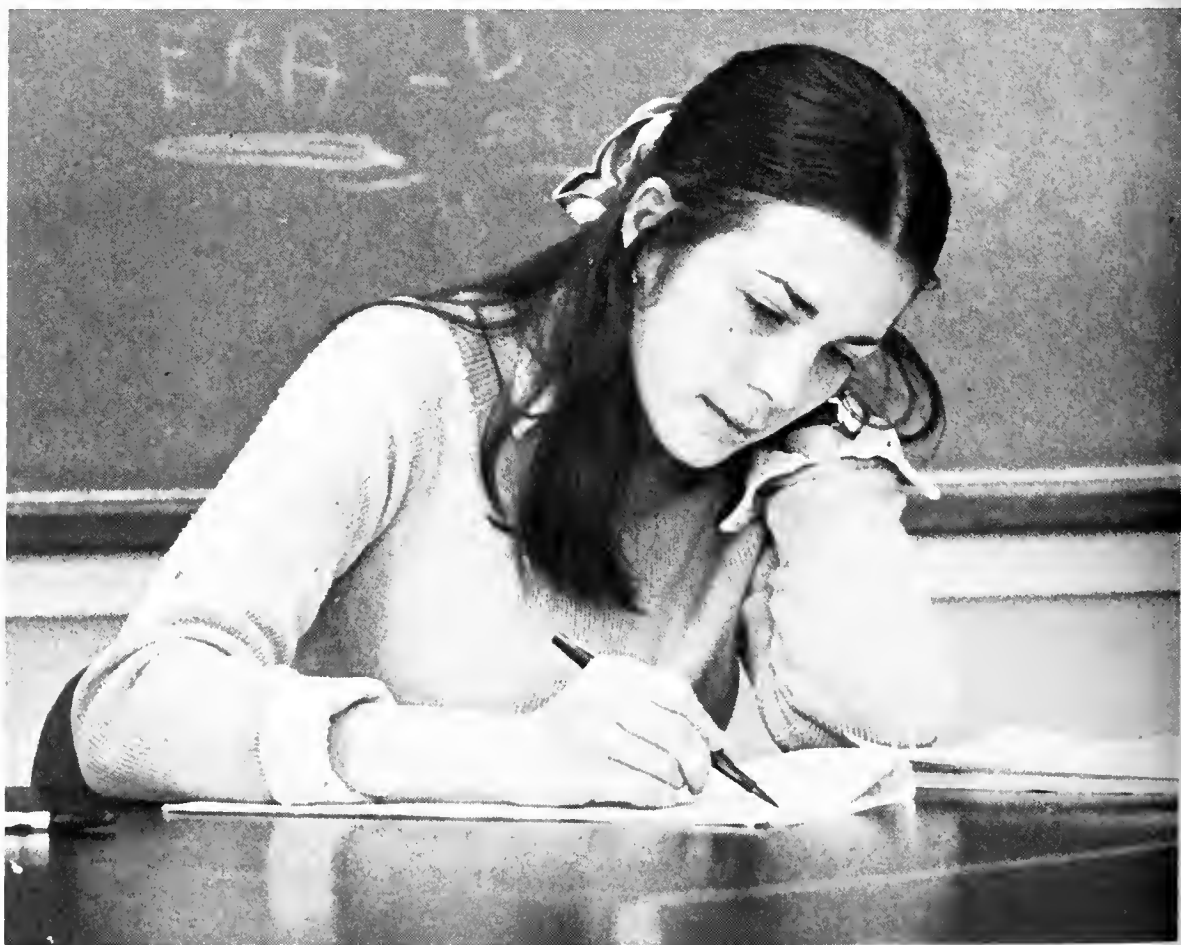

Charles O. Galvin, *Dean*

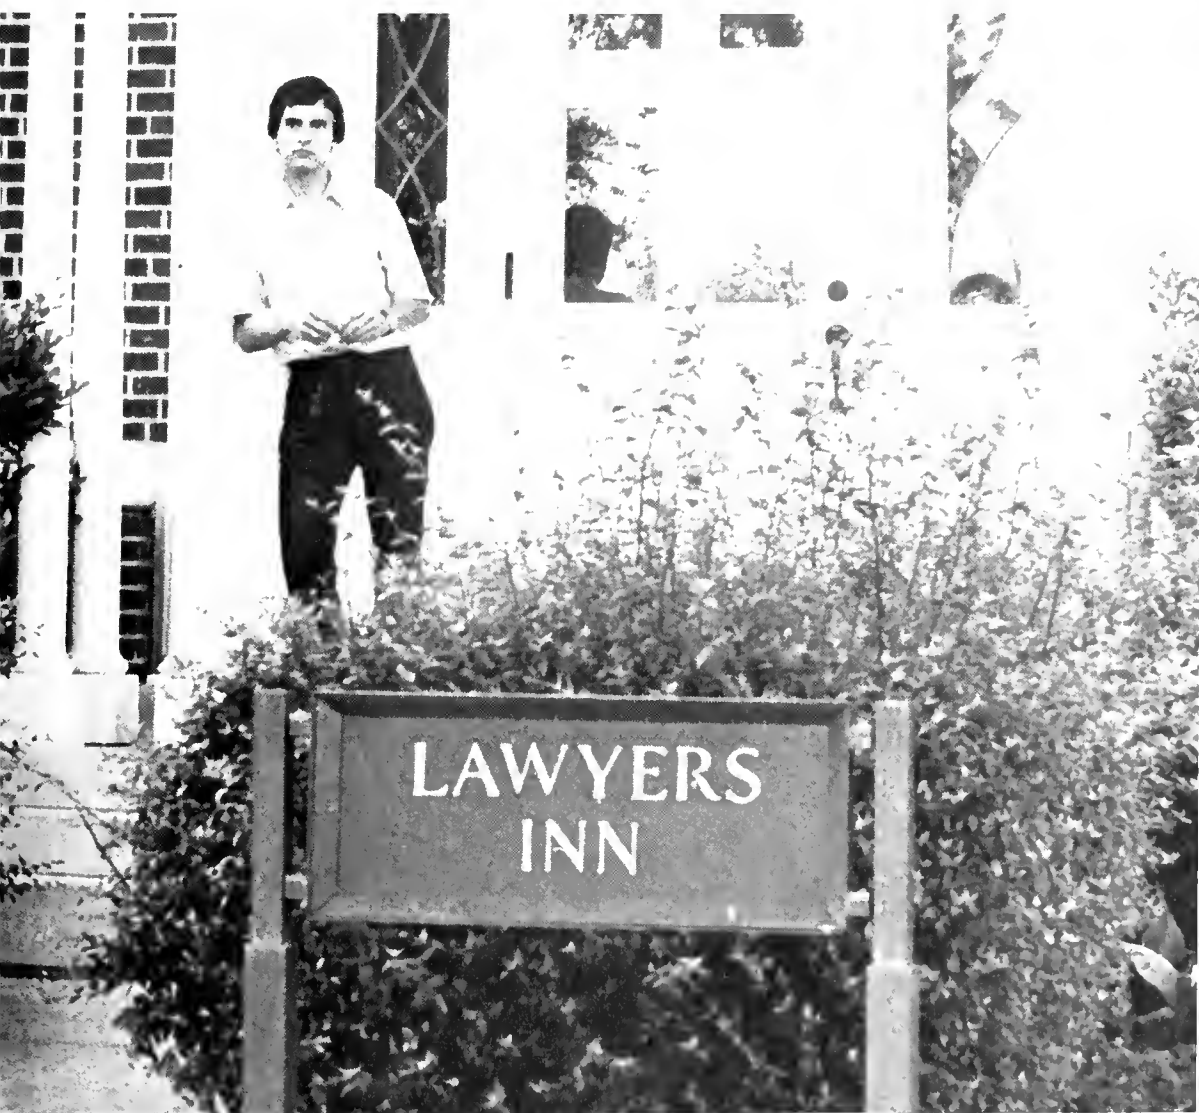

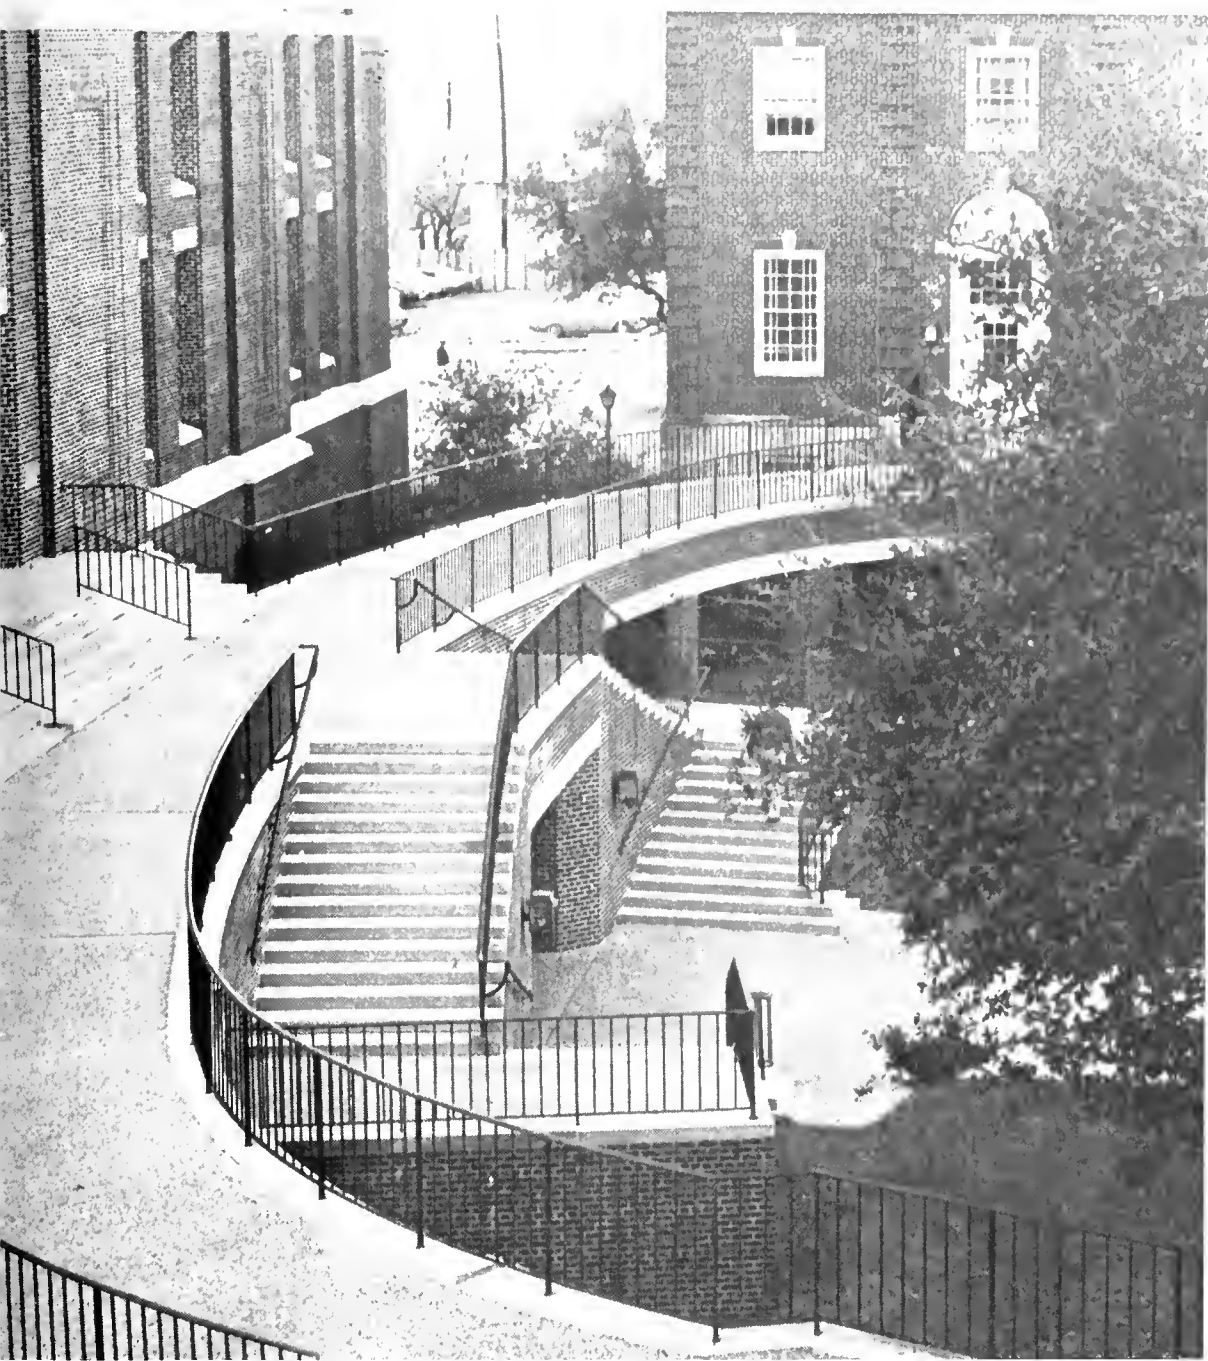

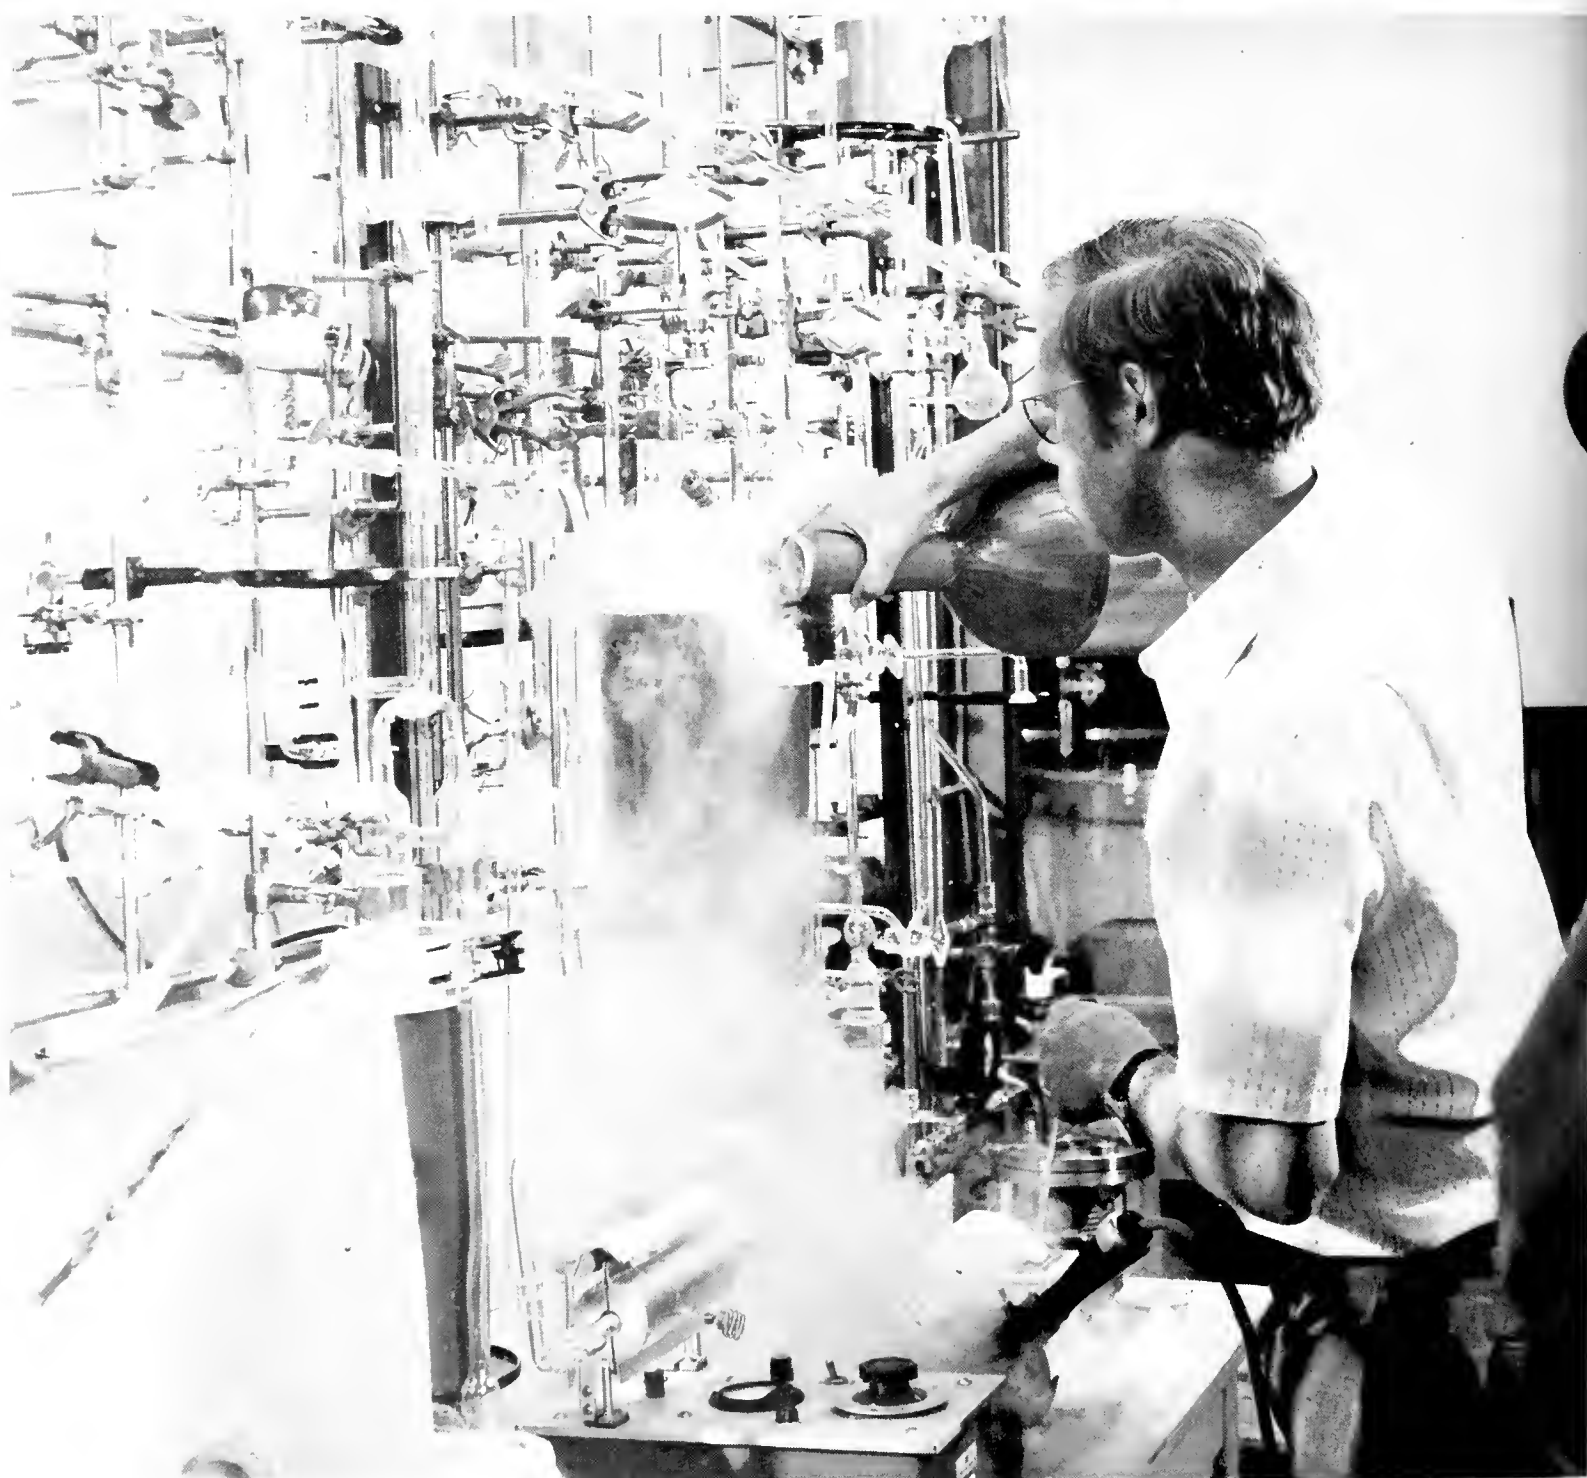

Leon Cooper, *Acting Dean*

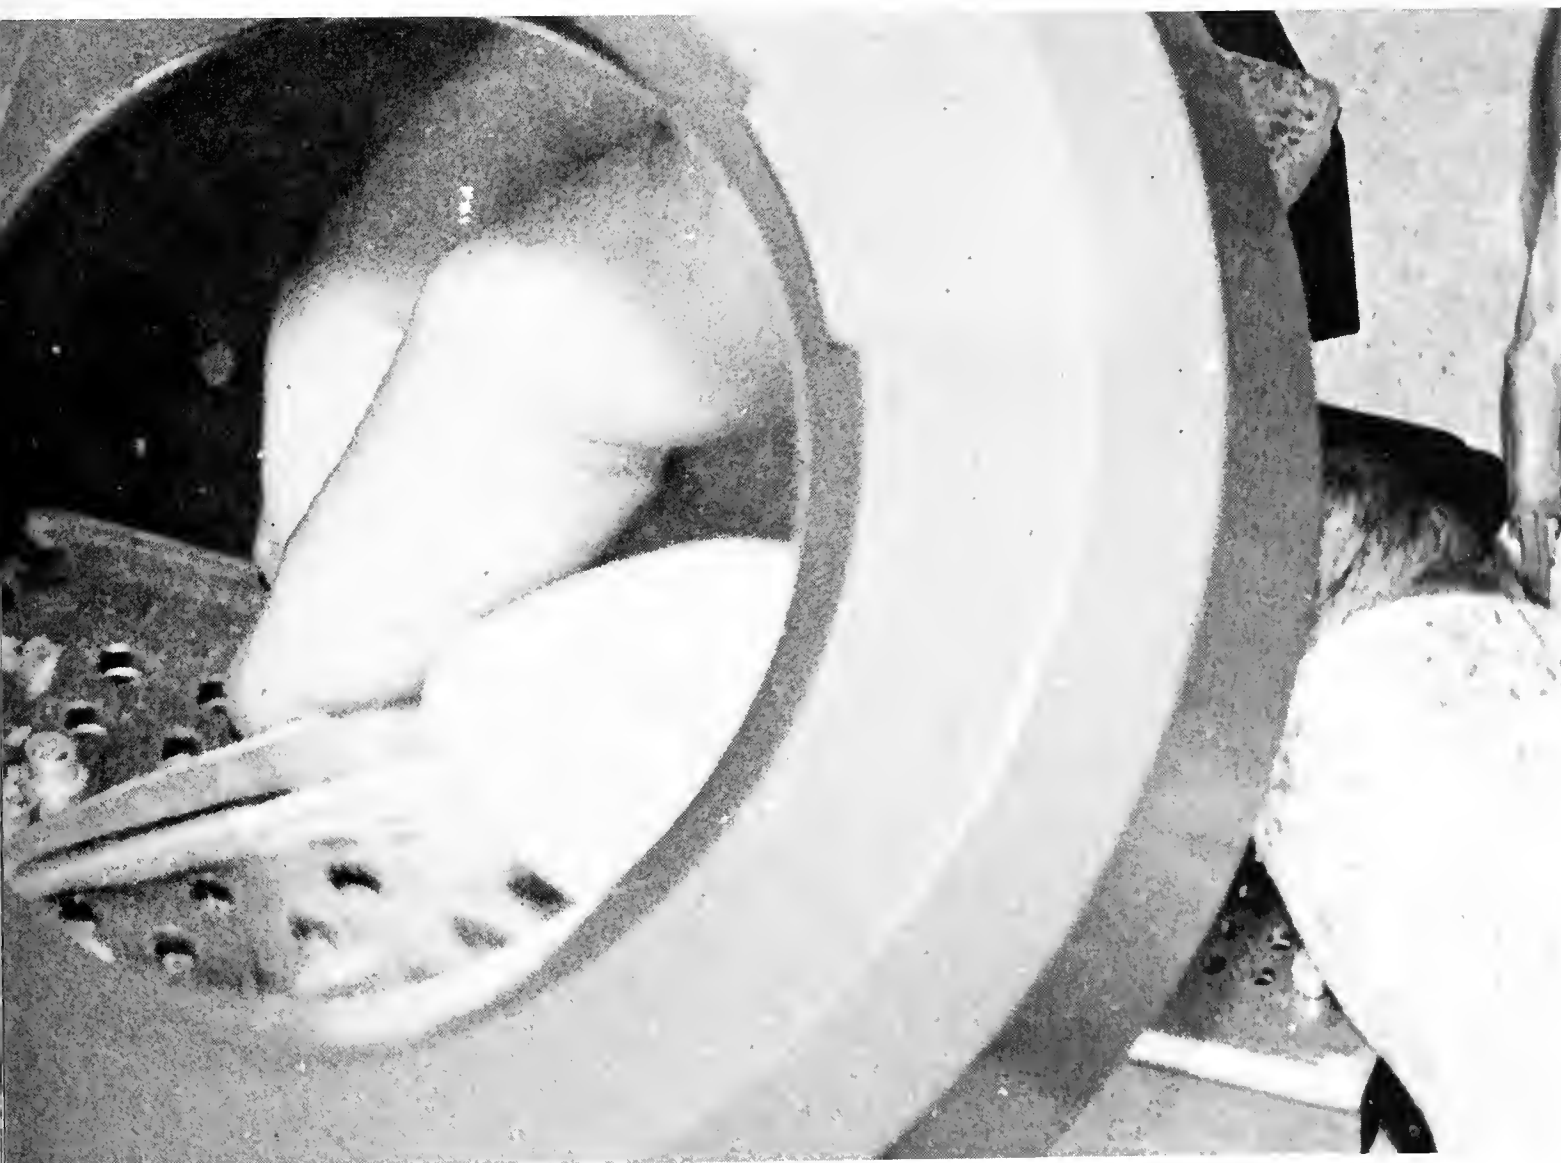

## Technology

In planning for the world of today, as well as the future, the engineer has been faced with the complexities of rapidly changing technology, tremendous urban expansion and most recently the enormously increasing need for conservation and efficient use of energy and natural resources.

In the Institute of Technology, in addition to the technical competence that is required to cope with these difficult problems, we attempt to emphasize to the students something more. The engineer must, of course, meet the everyday requirements of his business and professional objectives. However, in the next 25 years, the exercise of social responsibilities as related to engineering objectives will become of paramount concern to our society. We hope to educate engineers who can contribute to this important task.

# Theology

A Theological Seminary is responsible to all partners in the "Great Commission." It is to train ministers to work with faithful integrity and self-discipline, and to have effective relationships with God and with man.

Students of today take direct part in their own education by grappling with ideas through people as well as through books. They strive to understand the "family of the co-operating and the concerned" not only in the church but also in the community.

Unanimous popularity is less important than responsibility to God.

Joseph D. Quillian, *Dean*

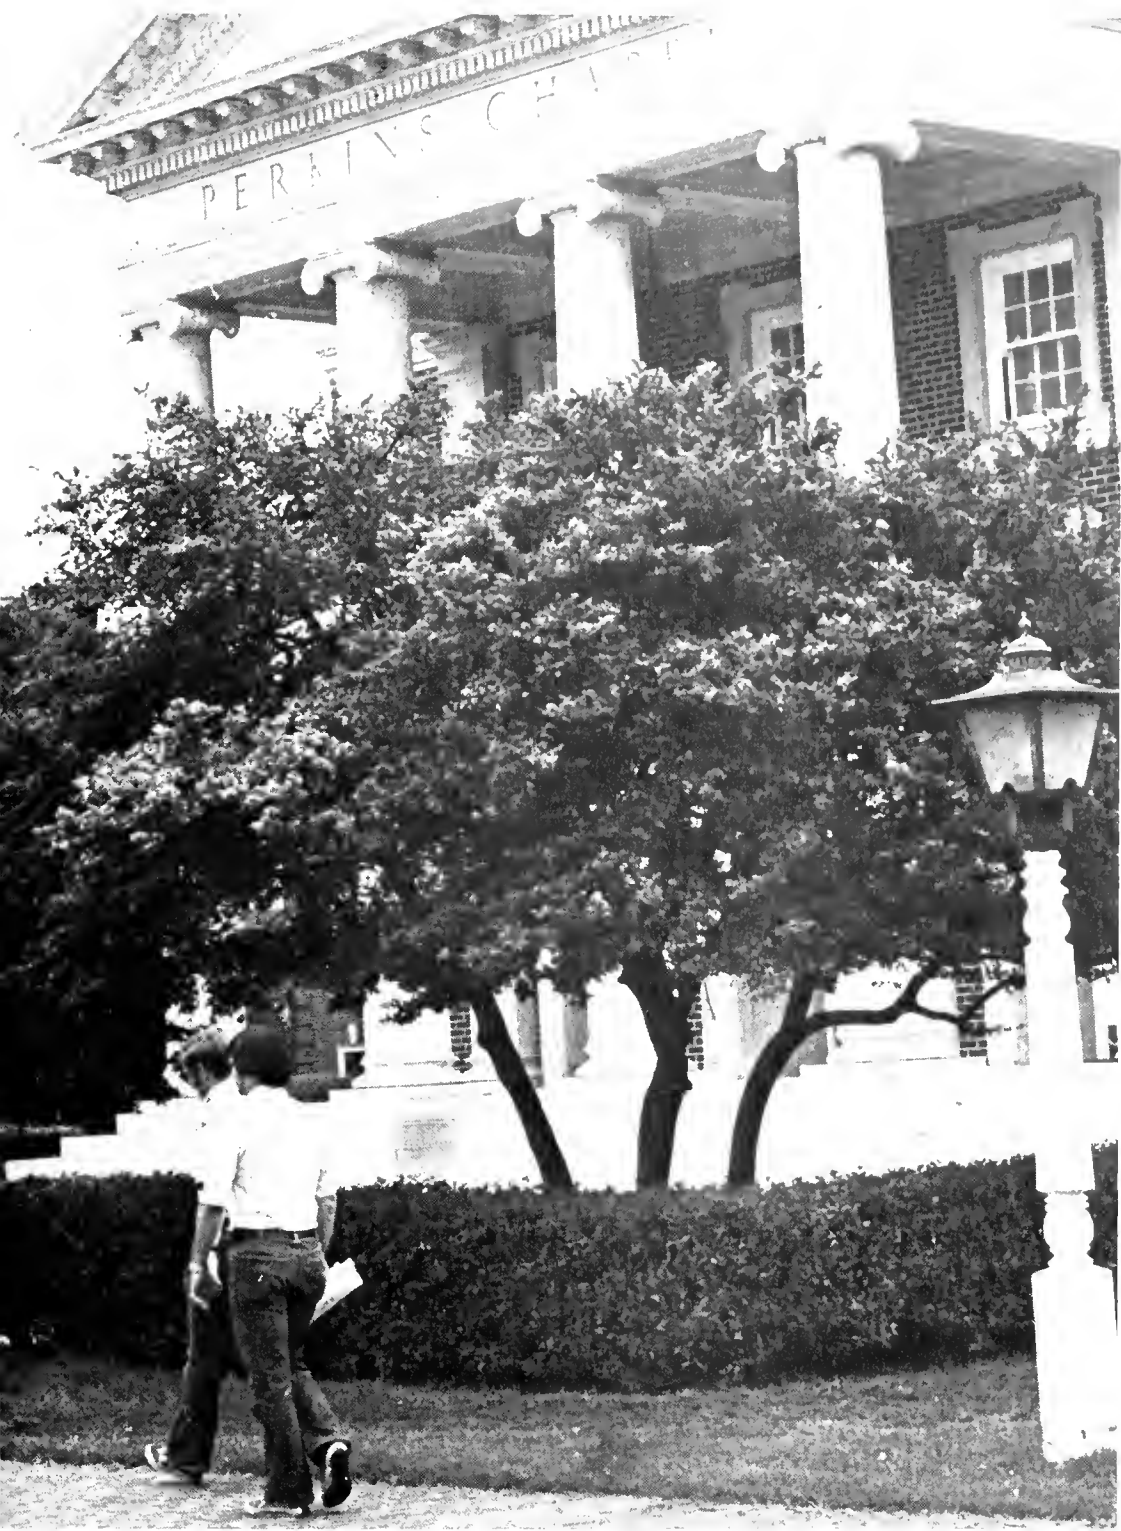

# University College

The basic mission of the University College is a valid liberal education for all undergraduates. Programs and courses undergo steady evolutionary changes. Students are offered ever widening areas of choice with more alternatives to specific requirements.

From the President's office, a Task Force was appointed which reviews, applauds or recommends changes to keep the University College a vibrant part of academic pursuits.

# University Residents Council

The University Residents Council is composed of 6 members elected at large, presidents of all campus residence halls, URC representatives from each hall and a secretary, treasurer, and vice-chairperson elected from university residents in the spring. The chairperson is appointed from the membership of the Student Senate to preside over the meetings. The purpose of the URC is to provide a forum for residents of campus housing to discuss problems, decide on projects, and communicate ideas to the Senate and the student body. This year, after restructuring in the fall, the URC sponsored several bands for the students, helped publish a brochure describing upperclass housing options, and sponsored a band and dance during Manada.

- If it's really anything at all.
- A sorority is not entirely a flower, national conventions, monogrammed rings, worn out songs, by-laws, membership standards, or a golden pin.
- And it is not entirely an institution, a creed, a legacy, an obligation, or a way of life.
- If you're going to insist that it is something,
- A sorority is only
  - Moving in for the first time and slowly learning that all the beautiful people have fat legs and use mouthwash and wear last year's coats.
  - Sitting next to an alum you don't particularly like and being nice because maybe it all means something to her,
  - Long tired eternities of black coffee and exam snacks when you can't remember the Renaissance architects or the mossy taproot system,
  - Borrowing a skirt from Starr and a blouse from Tina and shoes from Helen and a scarf from Beth and a coat from Becky and passing it all off as your own,
  - Sitting on the back steps and listening with all your helplessness because she's lost and she's lonely and it seems the whole world just fell into ugly little pieces.
- And it's coming in very late one night and closing the door to tell someone who's seen you through the hardest years of your life that you're happy now and you're getting married.
- And a sorority is, I suppose, a kind of evaluation.
  - You grow up inside these elegant halls
  - And perhaps you do learn more of this grizzly, ungraceful circus we call life,
  - Than if you had lived it somewhere else.
  - You learn that a football player is sometimes just shoulder pads and that skinny arms sometimes hide a great man.
  - You learn that some lecture halls are just watery echoes and that there are silent rooms for your deeper rivers.
  - You learn that no matter where you come from, or who took you there, you've still got to find that one small acre that belongs to you by yourself.
  - You learn that the world is made up of people you're not going to like, and you live with them anyway.
  - You learn to wait because change is slow and change isn't always right.
  - You learn that there's still a lot left to believe in and a whole lot more to hope for.
  - You learn that love has never been easy and that it's a long time coming.
  - And if you're very smart, or very lucky, you learn that no matter how big or how messy the world becomes, what is precious and what is permanent is always the same.
  - And in the very end,
- A sorority can only be a better way to stumble down the back steps and out the front door.

# ROTUNDA

A year of idle threats. Johnny, get more color slides. Henry is no longer a working number. Do not, under any circumstances stay down here after dark. Who took all the windows? Somebody steal the directory back from the Campus. Gee, Holly, how would you like to do another section? Sherry, get off the phone. Please Ken, no more ads. Would any of you people like to be in a picture? It's freezing down here. Tom calls and calls and calls. Do you know any of the people in this picture? Belligerent greeks. I never picked up my 1972 ROTUNDA . . . Cheri, what is that organization? TPC 637-2800. Charlie, you can't leave this year. Mrs. Hight, can I have more typing paper? Where did everybody go? Yes, there will be a ROTUNDA.

# KIRKOS

Junior and Senior Women's Honorary

Kirkos, the "friendly forty," is an organization of junior and senior women who have excelled in scholarship, service, and leadership at S.M.U. To be eligible for "circling," our annual selection ceremony, one must maintain a 2.5 GPA and exhibit qualities of leadership, service, and friendliness. Kirkos strives to foster a spirit of friendliness, among students, faculty members, and administrators, but most of all, Kirkos has meant an opportunity for women leaders of diverse backgrounds and accomplishments to know one another as unique individuals.

## MORTAR BOARD

# BLUE KEY — CYCEN FJODR

Blue Key — Cycen Fjodr is S.M.U.'s National Men's Honorary. It contrives its history and traditions from both a local honorary founded on the S.M.U. campus in 1920 (Cycen Fjodr), and a national honorary founded in 1924 at the University of Florida (Blue Key). Blue Key-Cycen Fjodr distinguishes itself on the S.M.U. campus as being the only national honorary in the country having the combined heritages of two separate honoraries in one organization.

Dr. Umphrey Ley, who was one of the ten original knights, set as the purpose of B.K.C.F. the improvement of general campus conditions. It is the philosophy of the body that success can best be attained by individual efforts of the various members working in their respective fields rather than by overt activity as an "organization." Secrecy, therefore, has become very much a part of the Order's tradition. However, both on an individual and group level, many accomplishments down through the history of S.M.U. have been attributed to the subtle activities of B.K.C.F.: the name "Mustang" for athletics; the launching of the drive which built the gym; the movement to build the Student Center; the founding of I.F.C. and Panhellenic; the beginning of the Mustang Band; the organizing of the first student government on campus.

Upon acceptance of membership in the Order, the student pledges himself to work unselfishly for the betterment of student affairs at S.M.U. Men of B.K.C.F. are singled out from among the other students in the S.M.U. community because they have made a genuine contribution to campus life. Men are selected not alone for what they have done, but also for what they can and will do — making membership both an honor and a challenge for the future.

"Blue Key-Cycen Fjodr is unchallenged as S.M.U.'s oldest and highest honorary society, and those to whom its secrets are revealed know that it is also the most different of all organizations."

Up and down the country he  
 Took the gift of minstrelsy,  
 Chanting beauty as he went  
 Over half a continent,  
 Till about him everywhere  
 Song was vibrant in the air.  
 Not a cavalier whose fire  
 Was caught by Camelot and Tyre,  
 But a troubadour whose words  
 Were vibrant as the wings of birds,  
 Whose melody had caught its art  
 From the pulsing human heart.  
 Not of visions born of kings  
 But of lowly common things,  
 Hearth and home and bread and corn  
 Were his patterned stories born  
 Warm and living as the beat  
 Of a nation's marching feet,  
 Like a Johnny Appleseed  
 Planting for the spirit's need  
 Kernels that would bloom and bear  
 Down the years their goodness there  
 Long after he had travelled on  
 To chant within some other dawn.  
 Like a planter who has known  
 That beauty is no man's alone,  
 But being all men's everywhere  
 To cherish, cultivate, and share,  
 Freely seeds his neighbor's field  
 That earth may have a fairer yield;  
 Planing elements of song  
 That dawn the ages, clear and strong,  
 Will come to blossom one by one,  
 Until, rejoicing in the sun,  
 The nation's singing heart set free  
 Bears witness to his minstrelsy.

# Project Motivation

Project Motivation (Education 1101-02, 2101-02) is a one hour course offering many different opportunities for working with elementary and Jr. High inner-city children.

Project Motivation is sponsored by SMU, the Dallas Independent School District and the University Branch of the YMCA.

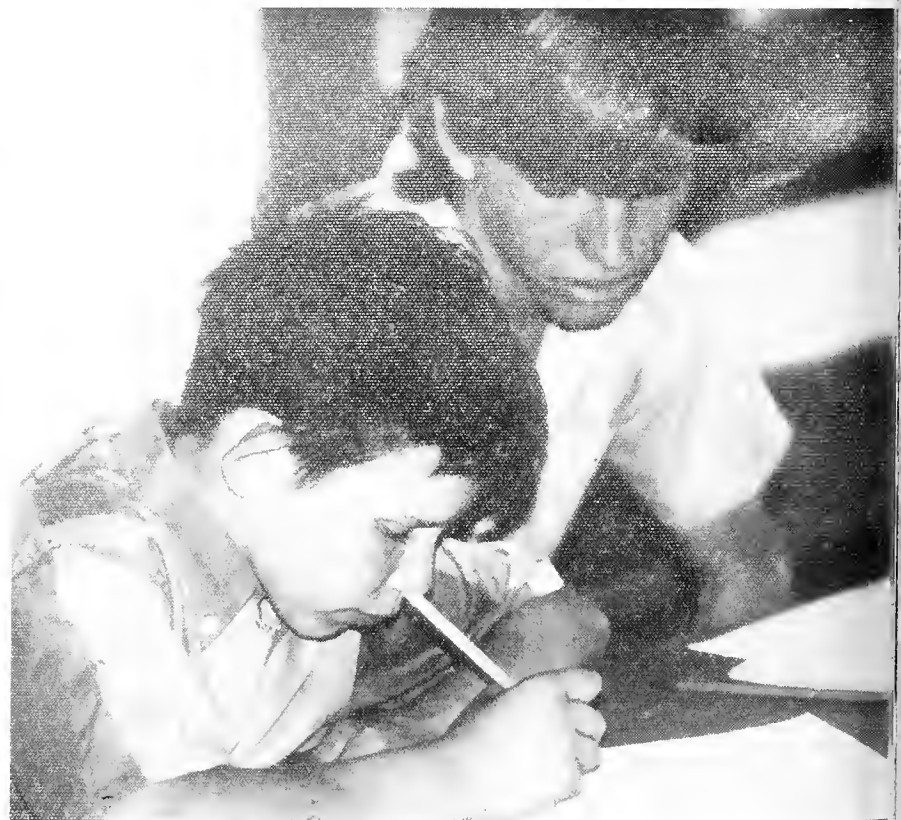

Project Motivation is a great way:

To have fun;

To learn about other cultures;

To help a child learn to read.

## Thoroughbreds

The SMU Thoroughbreds began September of 1974. The club consisted of fifty, quiet, sophisticated, dedicated students who completely tore the Cotton Bowl apart every Saturday afternoon. The organization was established for the purpose of promoting spirit and encouragement of all of the SMU athletic events. They sold over one thousand SMU spirit caps which proved to be a provitable venture. The SMU Thoroughbreds were, in all, a large group of athletic supporters.

1974 was a year of turmoil, tragedy and confrontation for the SMU football team. The ghosts of illegal payments, made to members of specialty teams during the 1973 season, haunted the Ponies as the NCAA levied a two-year probation on the football program. One individual member of the squad was forced to carry on a crusade of his own against the NCAA in an effort to play out his senior year.

And as the Mustangs were doing battle with the adverse forces of the collegiate governing body, the shadow of death visited the SMU ranks and, on the eve of the season's opener, departed with the life of one of the team's youngest players.

In the midst of more adversity than most coaches see in a lifetime, Head Coach Dave Smith took his charges to a third place tie in the Southwest Conference, compiling a mark of 3 wins, 3 losses and one tie (6-4-1 overall) — a record good enough to earn Smith a new multi-year contract.

*First Row (left to right):* Ted Thompson, Mike Smith, Oscar Roan. *Second Row:* Freeman Johns, Kenny Harrison, David Bostick, Jim Duggan, Horace Derry, Billy Wood, Guy Thomas, Henry Sheppard, Ricky Wesson, Wayne Morris, Brian Duncan, Danny Browning. *Third Row:* Gus Lamkin, Robert Smith, Charlie Adams, Steve Morton, Ernest Knox, Mark Howe, Randy Savage, Louie Kelcher, Ronnie Robertson, Micky Early, Mike Ellis, Mark Cones. *Fourth Row:* Tennell Atkins, Greg Washington, Rex Garner, Arthur Whittington, Rodney Gray, Wayne Simpson, Schaad Titus, Mike Hake, Rory Best, Darrel McCullough, Mike Shapiro, Bill Thomas, Don Jarma. *Fifth Row:* Ron Gilliam, Tom Lowey, Gerald Burl, Farley Burl, Tony Jackson, Tammy Hollingshead, Toxie Beavers, Chuch Ryan, Joe Nobles, John Blackburn. *Sixth Row:* Mike Periera, Keran Farrar, John Holland, Clarence Dennard, Galen Lindsey, David Headstream, Kandy Goss, Bill Ball, Chuck Benefield, David Bonilla, Earl Hopper, Clint Hackney. *Seventh Row:* Bill McNutt, John Dunlap, John Martin, Jay Dennis, Gary Hetherington, Glenn Walls, Steve Wolfe, Ricky Cowart, John Clark, Steve Brown. *Eighth Row:* Jimmy Green, Ed Antoine, Steve Overstreet, Kurt Neale, Greg Springer, Keith Phillips, Jack Matkin, Harris Brownlee, Danny Cluck, Mike Hall. *Ninth:* Sleepy Morgan, Dr. Sam Morgan, Cash Birdwell, Dudley Parker, Roland Rainey, Gary Darnell, Jim Clark, Dirk Dierking, Dare Nusz, John Ferrara, Joe Dickerson, David Krishchke, Julius Glosson, Joe Boring, Marv Braden, Pug Gabrel, Dave Smith.

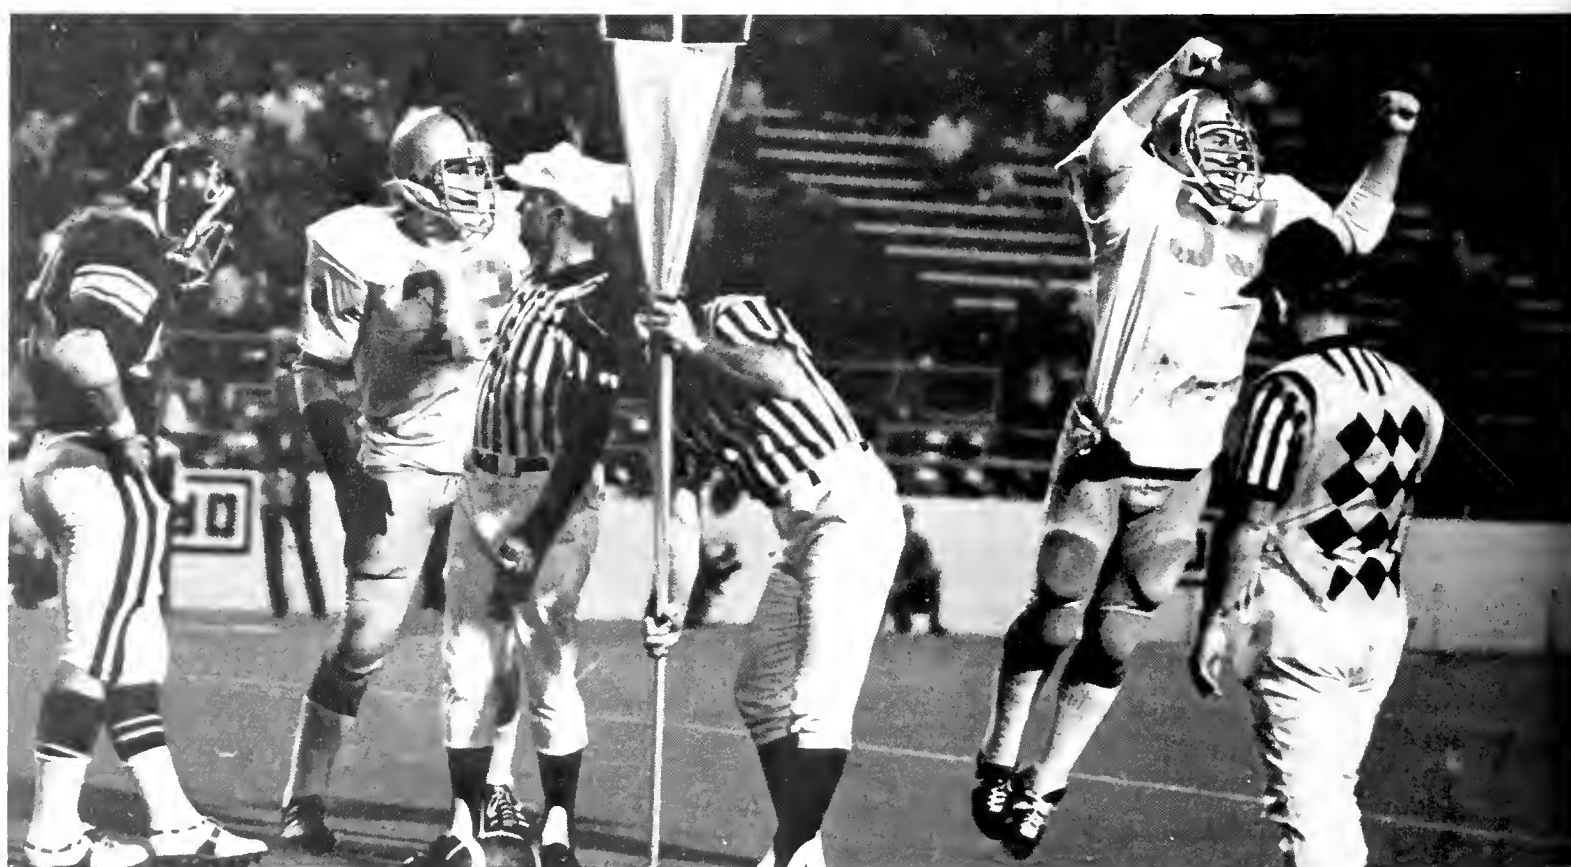

Turmoil. It all began over the Christmas holidays of 1973. Paul Hardin, then president of Southern Methodist University, became aware of, and volunteered to SWC officials, information that Smith, along with assistant coach Pug Gabrel, had illegally distributed ticket money to the players and had instituted a system of "incentive" cash payments to specialty team members.

Hardin's own response to these illegalities was to reduce Smith's existing contract and relieve him of his duties as athletic director.

The SWC delivered its verdict in the form of a one-year probation against the Mustang grid program. But the NCAA wasn't about to be outdone and they reacted with a two-year probation, considered by many to be a mild slap on the wrist. SMU would have to go two years without post-season bowl game appearances or televised contests.

Dick Davis was named as the new athletic director.

As the new school year began and the Mustangs began to concentrate on getting back on the right track, the long arm of the NCAA was felt once again. Senior center Mike Smith, captain of the offensive team, was ruled ineligible after it was learned that he and his wife had been provided with off-campus housing at no expense. What ensued was a tedious courtroom battle between Smith and the NCAA, during which time the senior center managed to play in several games before finally being declared ineligible for good.

Tragedy. The Tuesday prior to the Mustangs' season opener against North Texas State, freshman offensive lineman Dwaine Staten left practice, telling coaches he felt like he had the flu. The following day Staten was in critical condition in Presbyterian Hospital, suffering from meningococcal meningitis. The 18-year-old fell into a coma Wednesday and never regained consciousness.

The Mustangs opened the 1974 season against North Texas State, a team coached by former SMU mentor Hayden Fry. Only a missed extra point kept the Eagles from tying the Ponies as quarterback Rickey Wesson's six-yard run, combined with Clint Hackney's extra point, were enough to give SMU a 7-6 victory.

The Virginia Tech Gobblers came into Dallas to do battle with the Mustangs in the Cotton Bowl the following Saturday. A running game that produced 336 yards and a 120 yard passing day led the Ponies to a tight 28-25 win. As the Mustangs disappeared into the locker room, thoughts of next week's game with number-one Ohio State lay heavily on their minds.

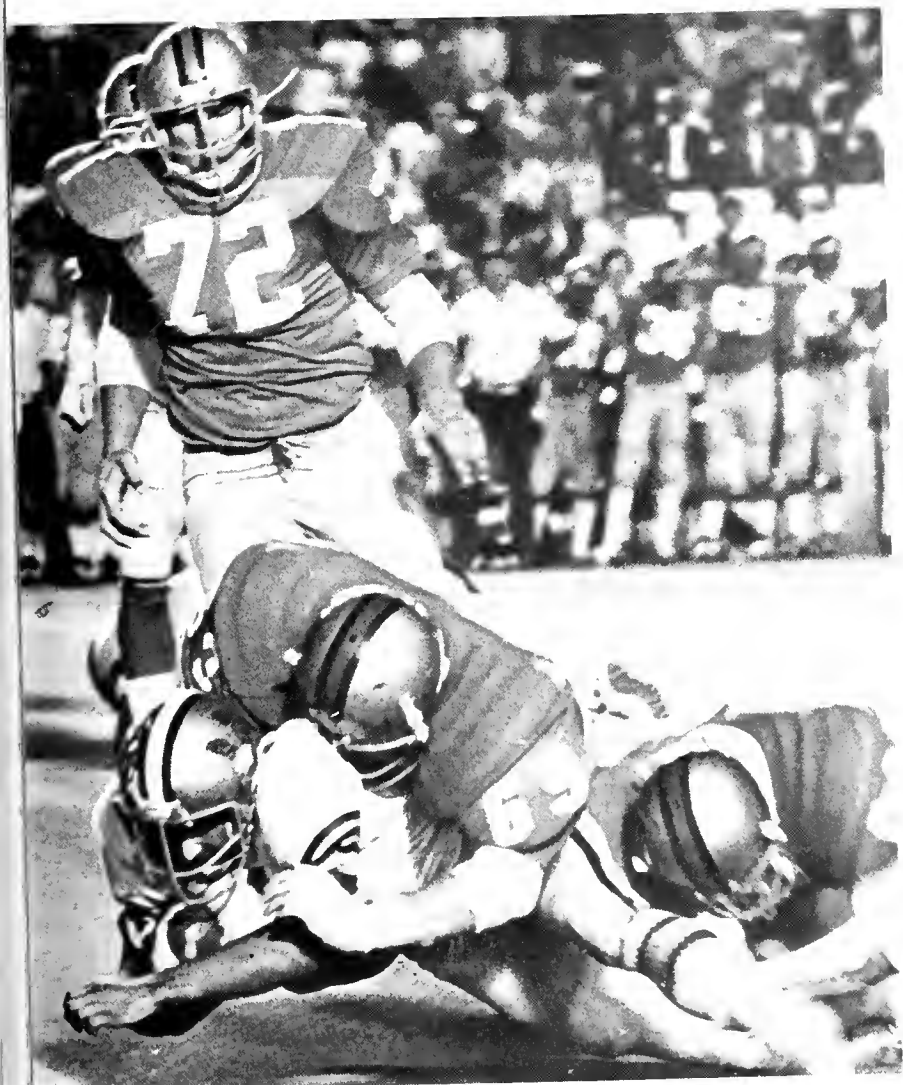

## football

Columbus, Ohio welcomed SMU with open arms and promises of a sellout crowd. In 1968 the Mustangs' All-American quarterback Chuck Hixson had set an NCAA record, throwing 69 passes in a losing cause — but the fans still remembered the spirited SMU attack.

But now it was 1974 and the Mustang passing game was all but non-existent, having been sidelined in favor of the powerhouse wishbone running game.

But the fans came back and the Mustangs turned what experts had picked to be a romp into a respectable showing. SMU managed to run for 281 yards against the Buckeyes, but the Woody Hayes machine churned out 357 yards of its own en route to a 28-9 decision. 87,487 people turned out for the contest, third largest in Ohio State history.

## football

The Ponies got back on the winning track as they hosted Oregon State and came away with a 37-30 edge. The SMU runners charged to an impressive ground totaling 463 yards.

The Mustangs traveled to TCU to pick up their fourth win against the lone Ohio State defeat, downing the Horned Frogs 33-13.

A Saturday night contest that pitted the Rice Owls against the SMU squad gave the sparse crowd something to talk about. The Mustangs led 13-11 with time running out on the Owls, but a Wesson fumble enabled Rice to set up and score a 44-yard field goal, giving them a 14-13 lead. With 35 seconds left to play, freshman Arthur Whittington took the Rice kickoff on his own 18 yard line and returned it all the way to the Rice 13. Then in the style least expected, the Ponies scored the winning TD as quarterback Wesson faked into the line and delivered a short pass to wide receiver Freeman Johns who crossed the goal line unmolested. SMU 19, Rice 14.

Homecoming 1974. Texas Tech, a preseason favorite in the SWC, was on hand to help the Mustangs celebrate, but someone forgot to tell the Red Raiders whose party it was. A crowd of 32,505 looked on as the Ponies appeared to be on the way to their third straight conference win. But a bobbled punt led to a Tech score in the final quarter and SMU went home a loser, 20-17.

The following week found SMU in Austin, set to take on the Longhorns of the University of Texas. It turned out to be one of those days for the Mustangs as they just couldn't do anything right. The Horns handled SMU without much difficulty, 35-15.

With their SWC mark now even at 2-2, the Hilltop gridders readied to meet undefeated Texas A&M in the Cotton Bowl. Even the rain couldn't keep a crowd of 44,463, the largest of the year, from turning out for the contest.

Jumping out to a halftime lead on the strength of Oscar Roan's fumble recovery and consequent touchdown scamper, Ted Thompson's field goal and Wesson's 20 yard TD run, the fans who had stayed home because of the rain were soon in their cars headed for the Cotton Bowl. The Aggies came back in the second half to narrow the Pony lead to 16-14, but SMU tackle Steve Morton came up with the A&M quarterback in the end zone for a 2 point safety and the Mustangs had beaten the conference leaders, 18-14.

# football

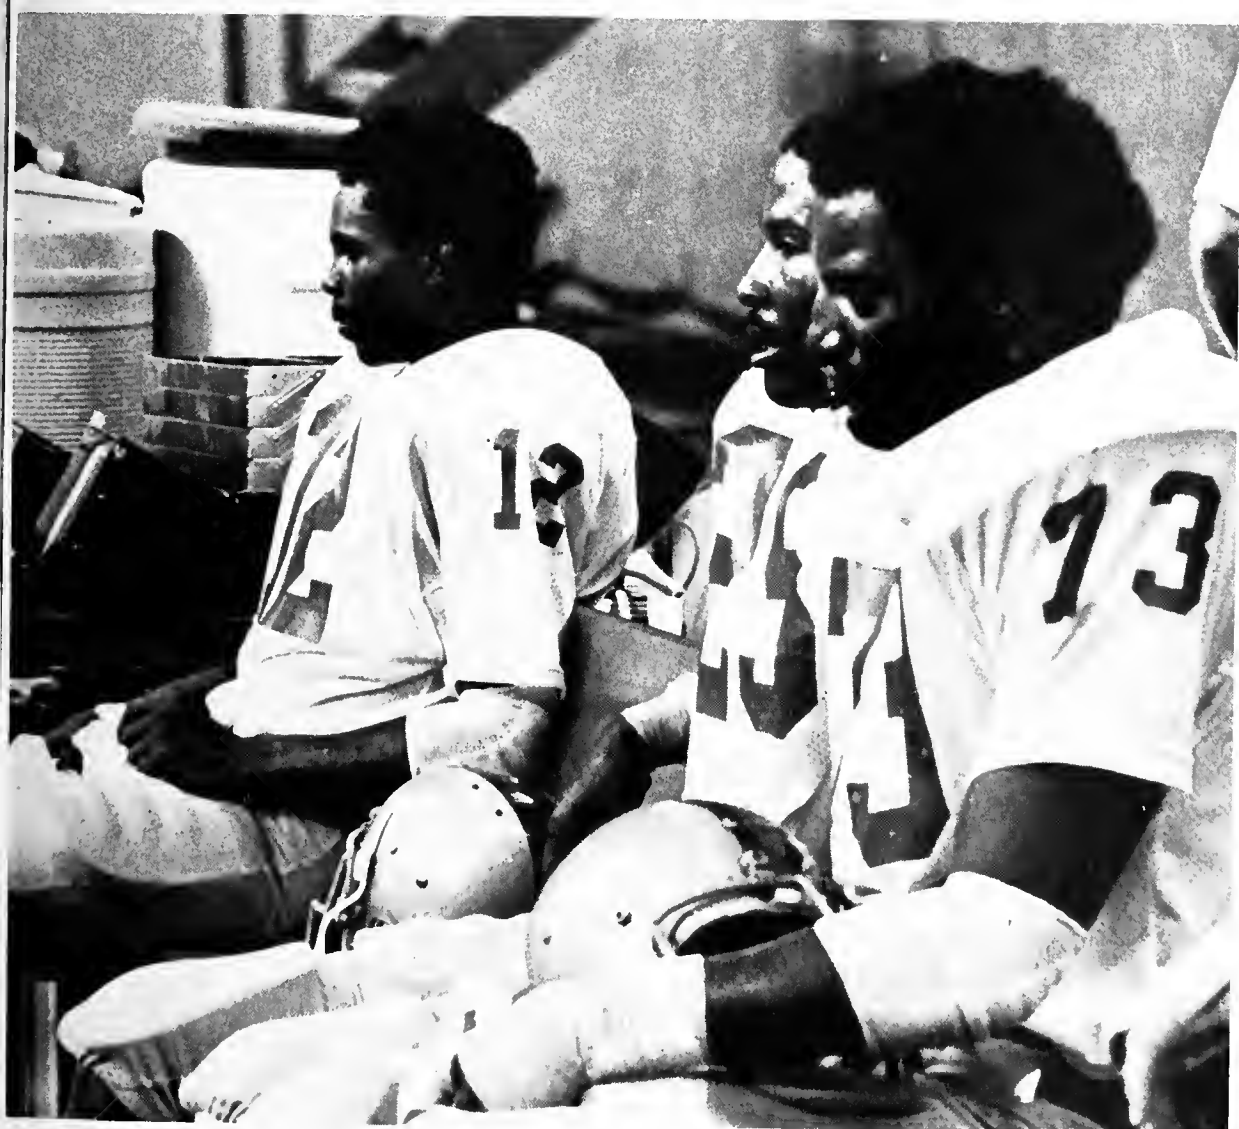

The Arkansas Razorbacks were next and the Mustangs headed north to Little Rock. With both teams still in contention, mathematically, for the SWC title, the game was a must for Frank Broyles' Hogs as well as Smith's Ponies. SMU jumped out to an early 17-0 halftime edge. But Arkansas rallied to tie the score with 17 third quarter points. It appeared as if the Mustangs were destined to win this one as freshman Arthur Whittington once again delivered the clutch runback.

Taking the Hogs' kickoff on his own goal line, the speedy frosh scampered 100 yards for a touchdown and a 24-17 SMU lead. But destiny wasn't a Mustang fan that afternoon. The Razorbacks again fought back to score the tying TD late in the fourth quarter. The contest ended in a tie, 24-24.

Needing a win over SMU to clinch a Cotton Bowl berth for the first time in the school's history, the Baylor Bears, paced by All-American quarterback Neal Jeffery, charged into Dallas to battle the 3-2-1 Ponies. Steve Beaird, the Bears' five-foot running back, decided to take the situation into his own hands on that Saturday afternoon. The tiny back ran for 133 yards and three touchdowns as Baylor earned the rights to the Cotton Bowl Classic, downing the Mustangs 31-14.

The season finally over, ended on a sour note — in defeat. The Mustangs found themselves in a third place tie with Arkansas.

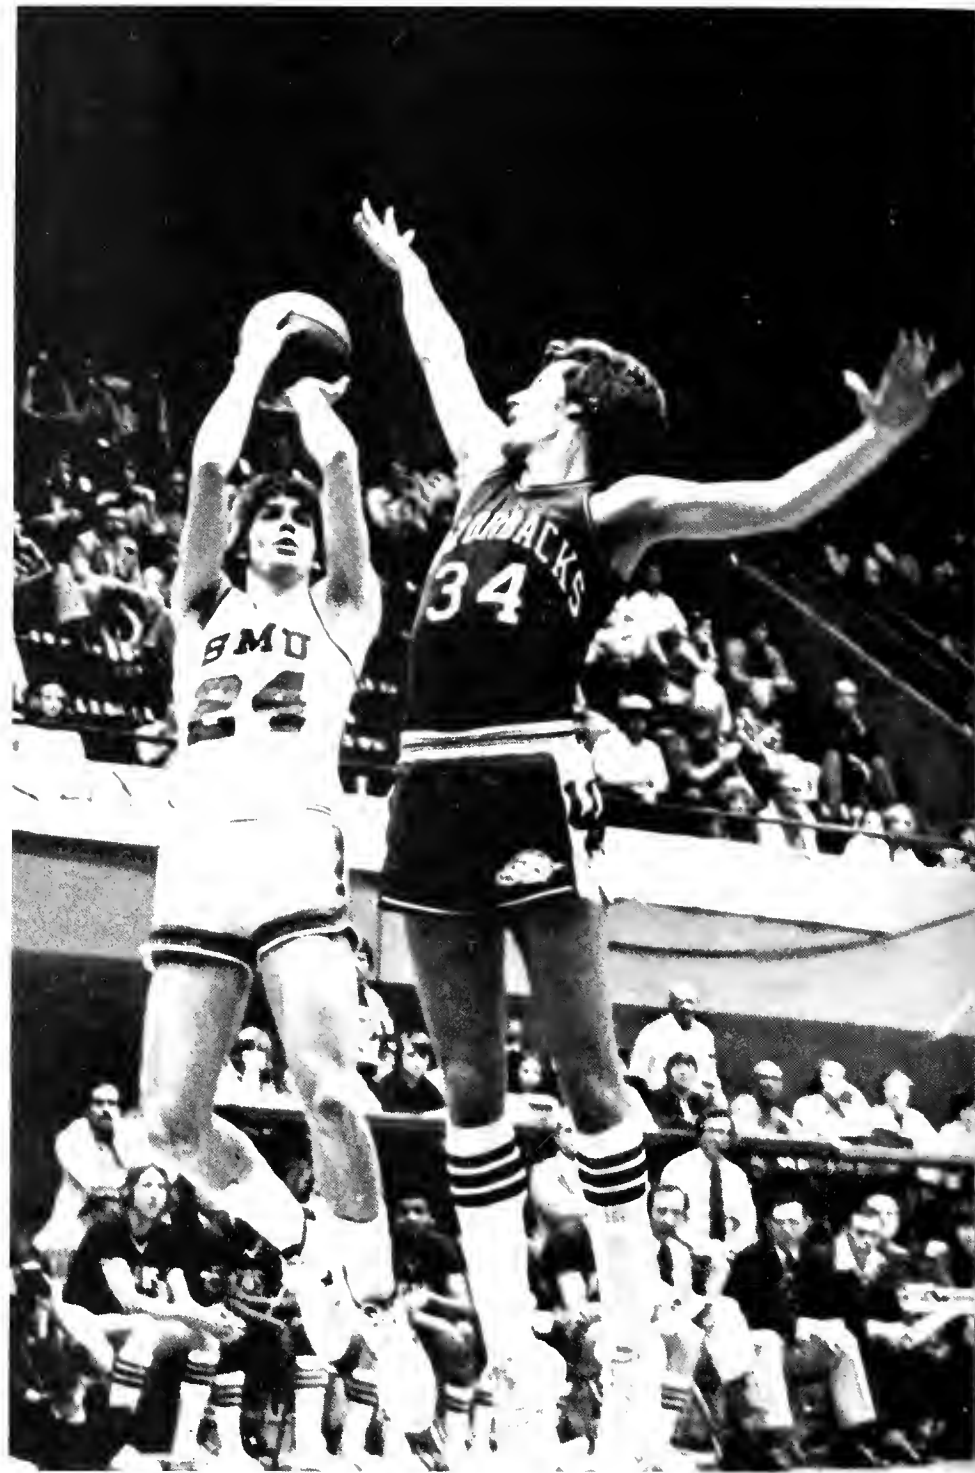

But the publicity wasn't over. Post season all-star teams were picked and SMU couldn't keep its players off the rosters. The All-SWC Team included SMU's big tight end Oscar Roan, tackle Henry Sheppard, guard Guy Thomas and last, but certainly not least, defensive tackle Louis Kelcher.

Post season all-star games chose Kelcher and center Mike Smith for the Blue-Gray football Classic, Roan for the East-West Shrine game and the Hula Bowl. Roan put on a show on national television, catching three touchdown passes, and proved to the country that a wishbone tight end could catch passes.

The final honor came in the news that Kelcher had been named both to the All-American team and as one of four candidates for the coveted Vince Lombardi Award, symbolic of the nation's outstanding college football lineman.

# basketball

The havoc that began during football season continued through basketball season — one problem after another arose for the cage Mustangs as they attempted to equal or better last season's second place SWC finish.

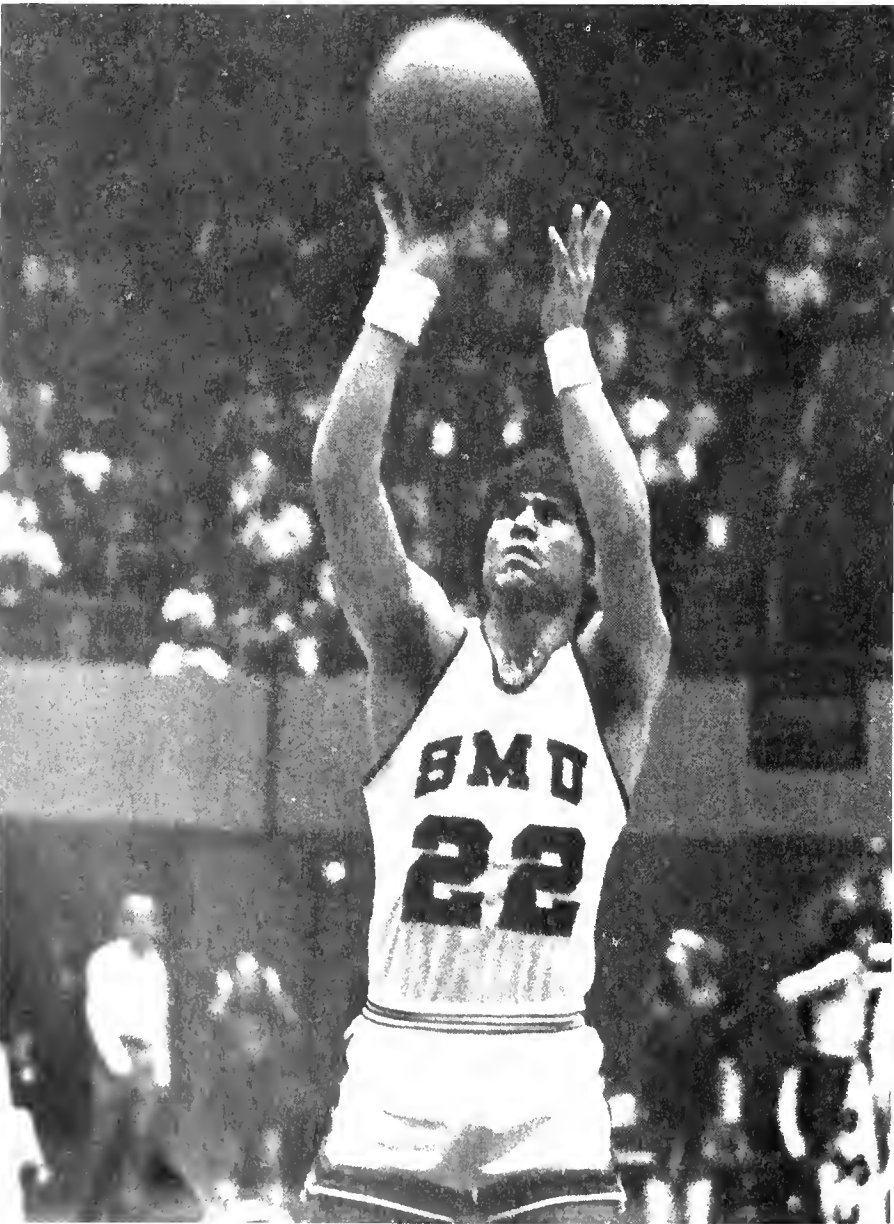

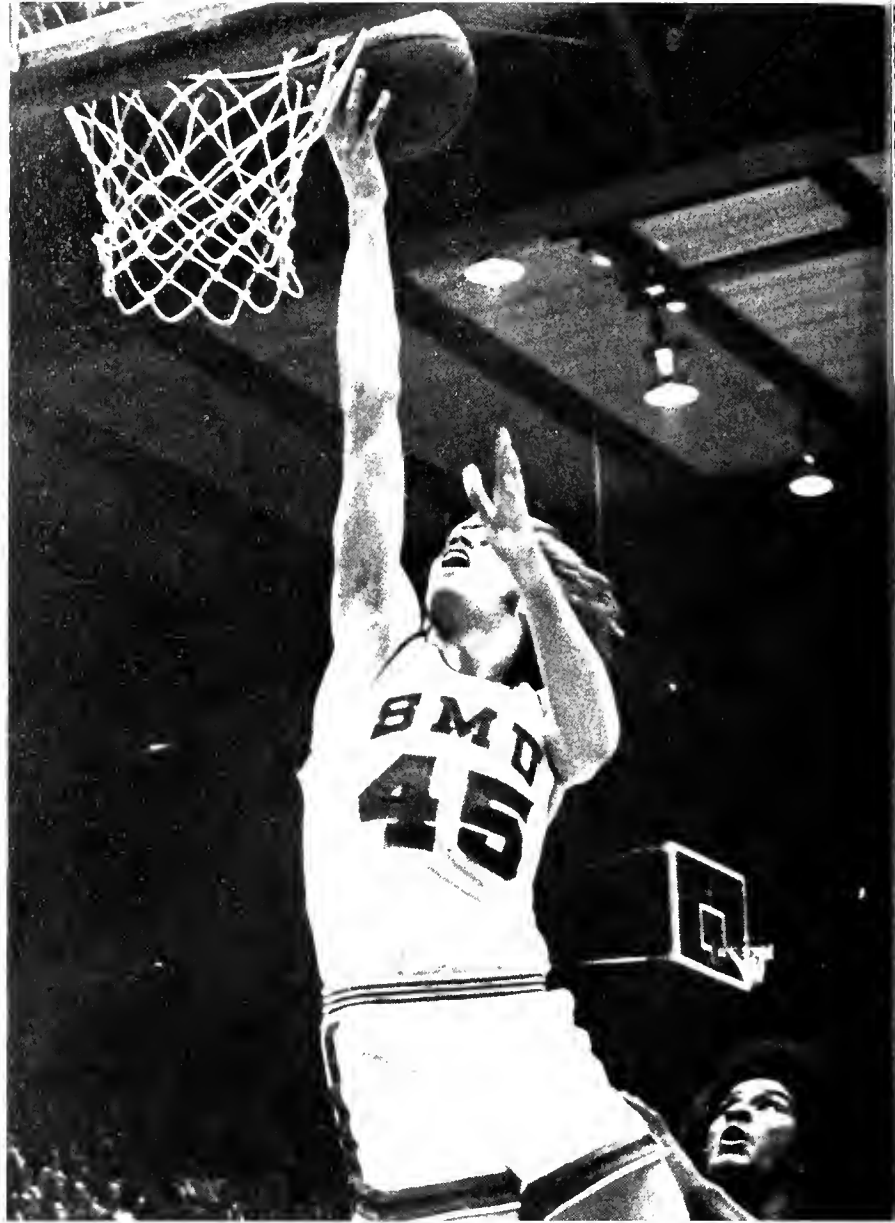

The probation blues weren't limited to the gridiron as the NCAA, discovering that some illegal payments had been made several years earlier, placed the Ponies on its black list. Ira Terrell, the premier player in the SWC, was their direct victim. Terrell, going into his junior year, was told by the NCAA that his collegiate basketball days were over. However, as a result of several long and tedious arguments and appeals, the punishment was reduced to one year, enabling Terrell to play for the Mustangs in 1975-76.

Then, Oscar Roan, the SWC's Newcomer of the Year in 73-74, announced he would not be playing basketball in this — his final year at SMU — in order to prepare himself for professional football.

Still more bad news greeted Mustang fans when Jimmy Murphy, a part-time starter last season, was forced to sit out the year because of ankle surgery.

The lineup was full of new names. Freshmen Jeff Swanson and Joe Swedlund found themselves thrust into starting roles and responded with respectable performances. Transfer student Mike Jaccar earned himself a starting berth by midseason and gave Mustang fans confidence that a floor leader would be returning next year.

The only two regulars to return for the year were Rusty Bourquein and John Sagehorn. Bourquein, in his final season, turned in one consistent performance after another and finished near the top of the SWC leaders in both scoring and rebounding.

The season record tells it all — 4-10 for the conference mark and 8-18 for the year. The fans that did make it to the games left the final home game shaking their heads with mumblings of "wait till next year."

# swimming

This was to be the year for SMU to slip from its perch atop the SWC swimming world where the Mustangs have dominated action since Eisenhower was president. The Thunderbird and Corvette were getting started, and the Brooklyn Dodgers and New York Yankees kept battling in the World Series.

SMU's top spot had been questioned abruptly in January when a shaved and tapered Texas Team stunned SMU 63-50 for the Mustangs first SWC dual meet loss since 1956.

When the Southwest Conference unveiled in March, SMU's period of dominance was threatened. The first event, the 500 yard freestyle, had been dominated all season by the Longhorns. SMU's Geoff Sharp won, Paul Hove came in second, Andy Veris sixth, and other Mustangs finished for valuable points.

In the one meter diving SMU grabbed eight of the top twelve spots, and won the 400 yard medley. The Mustangs steamrolled to their 19th straight SWC championship, outdistancing everyone with 671 points. Texas was second with 375 points and the rest of the field left behind.

History was made in the Southwest Conference one Saturday night in March in the three meter diving competition. One Christine Looch finished third in the event and became the first woman to earn a Varsity Letter in a men's sport in the history of the conference.

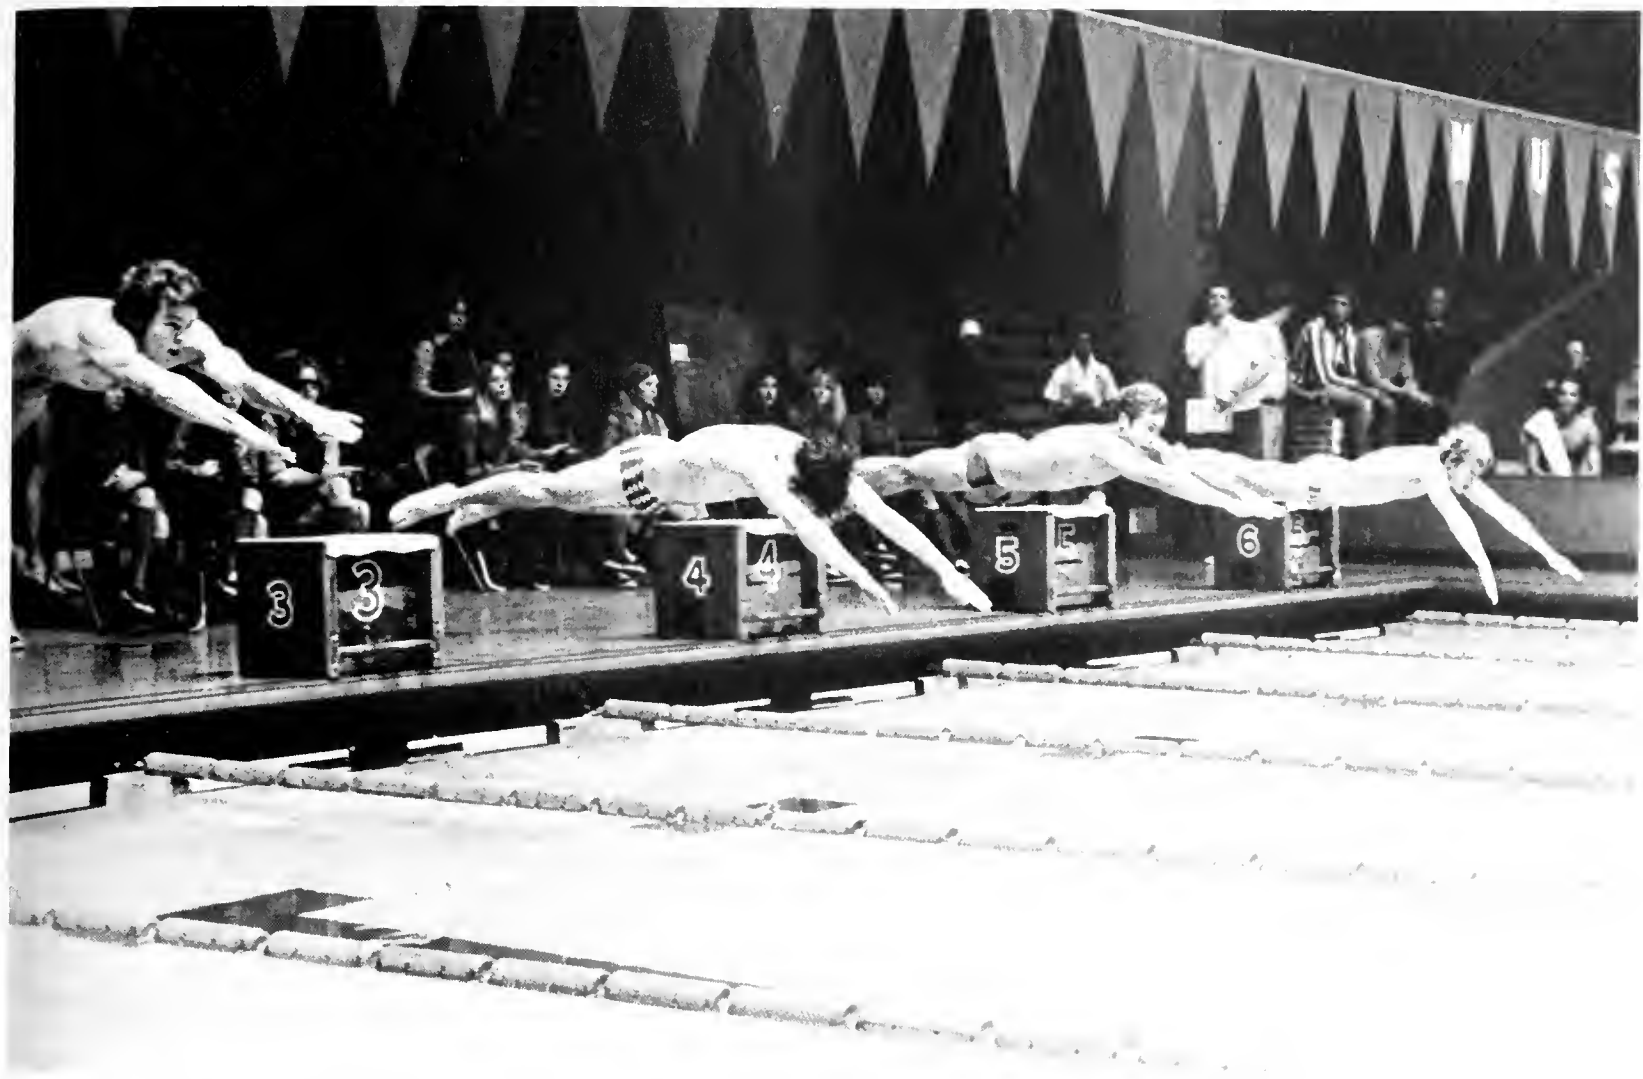

The Bio-Chemistry major from Fort Worth was nominated for the Sullivan Award, the AAU award that goes to the top amateur athlete in the country.

Christine had earlier in the year won the one meter diving competition in a dual swimming meet against Rice, the first time in memory that a woman had won a men's competition.

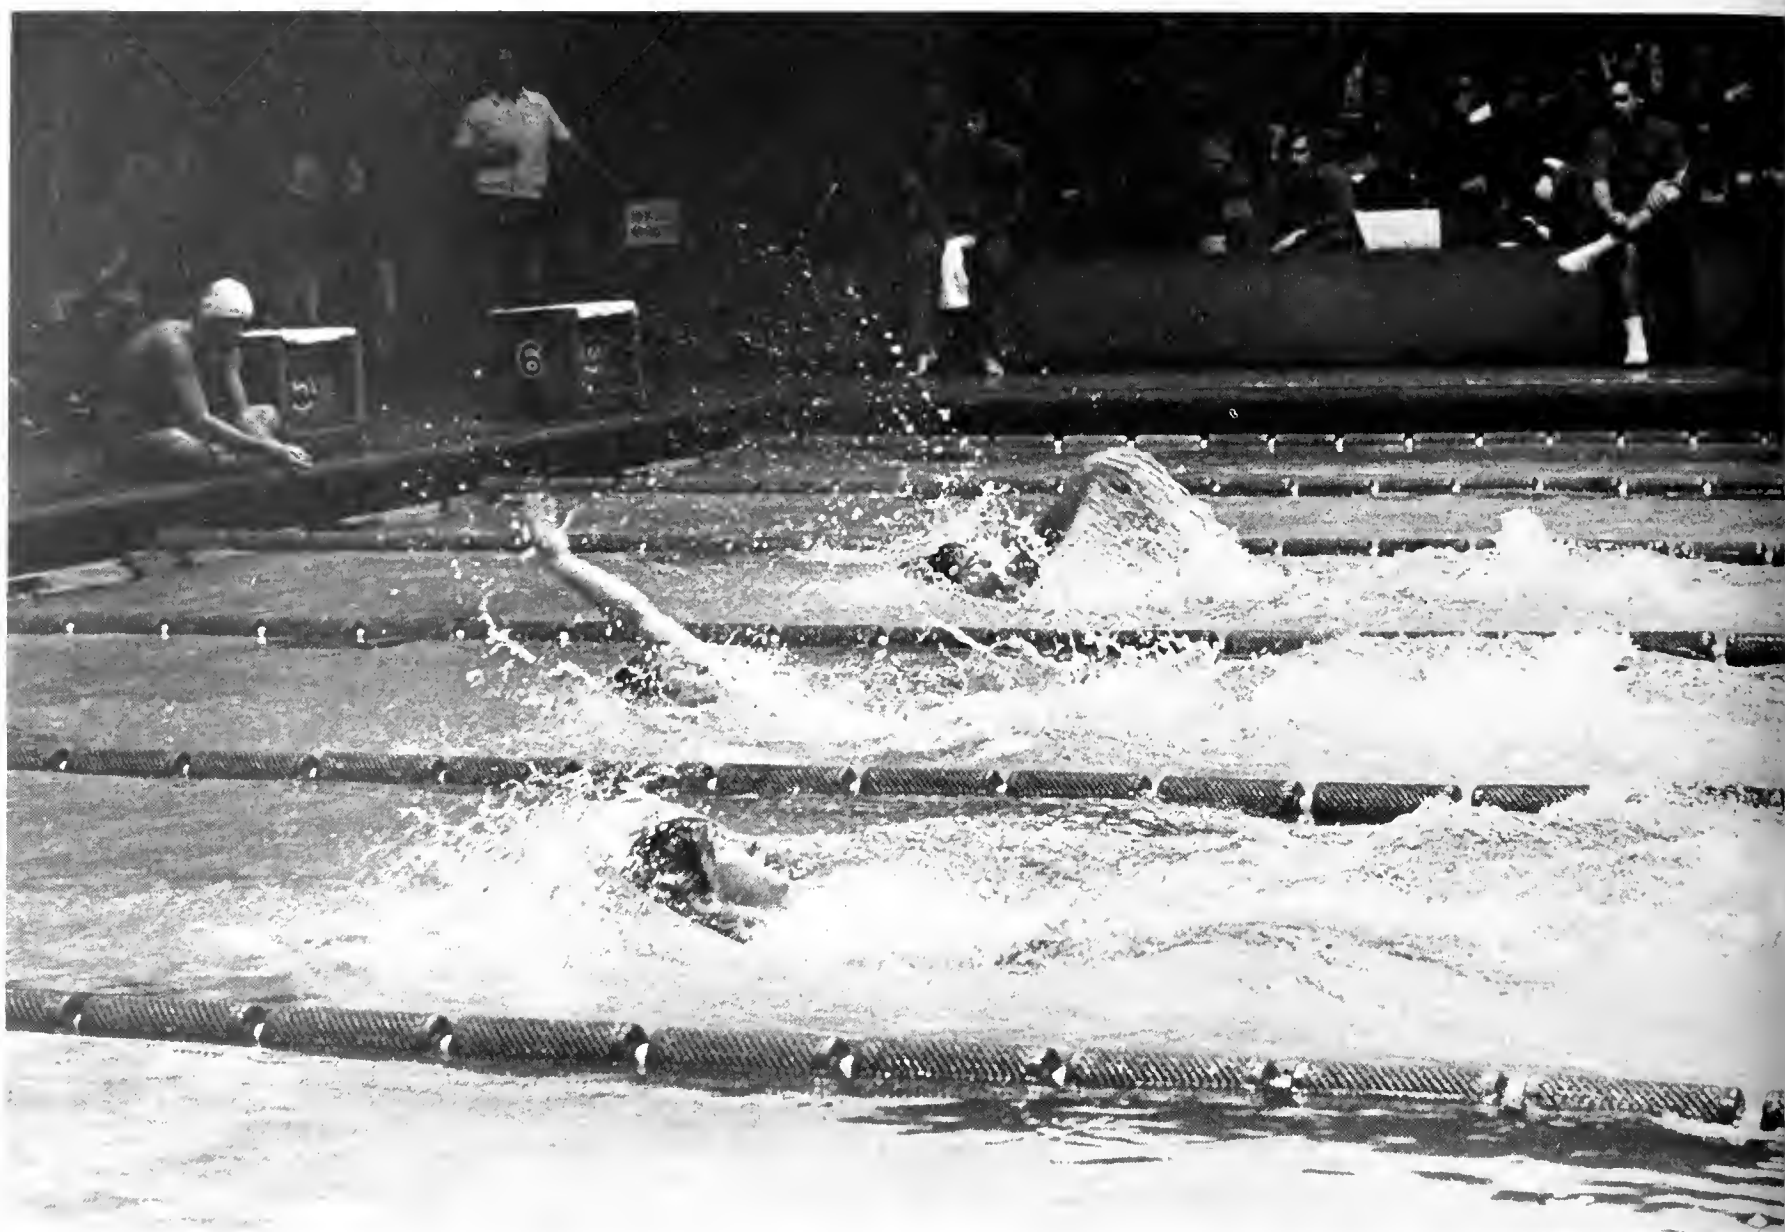

## swimming

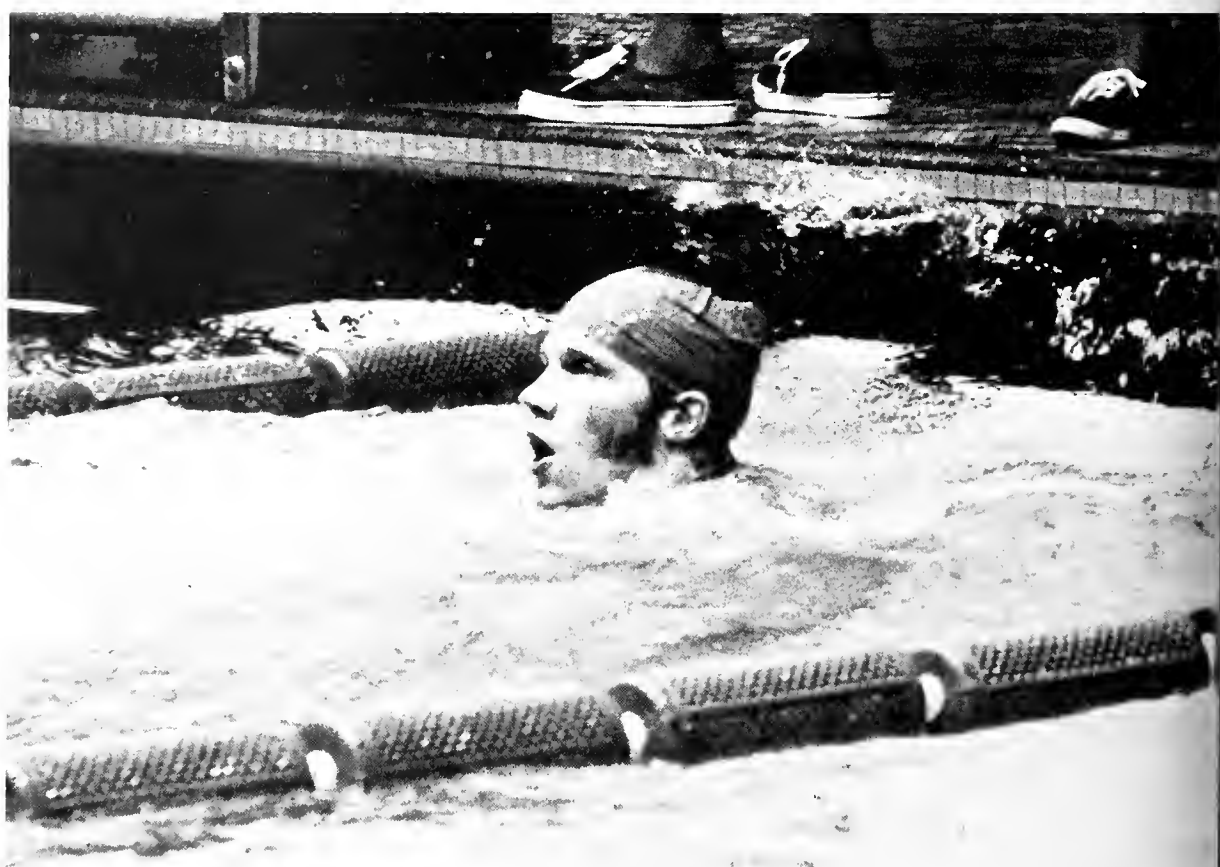

The Mustangs participated in the NCAA meet late in March. Points for SMU were won by All-American diver Scott Reich, Paul Hove in the 200 yard backstroke, and the 800 yard freestyle relay team of Andy Veris, Ty Hochstrasser, Richard Hess and Hove which finished seventh in the country.

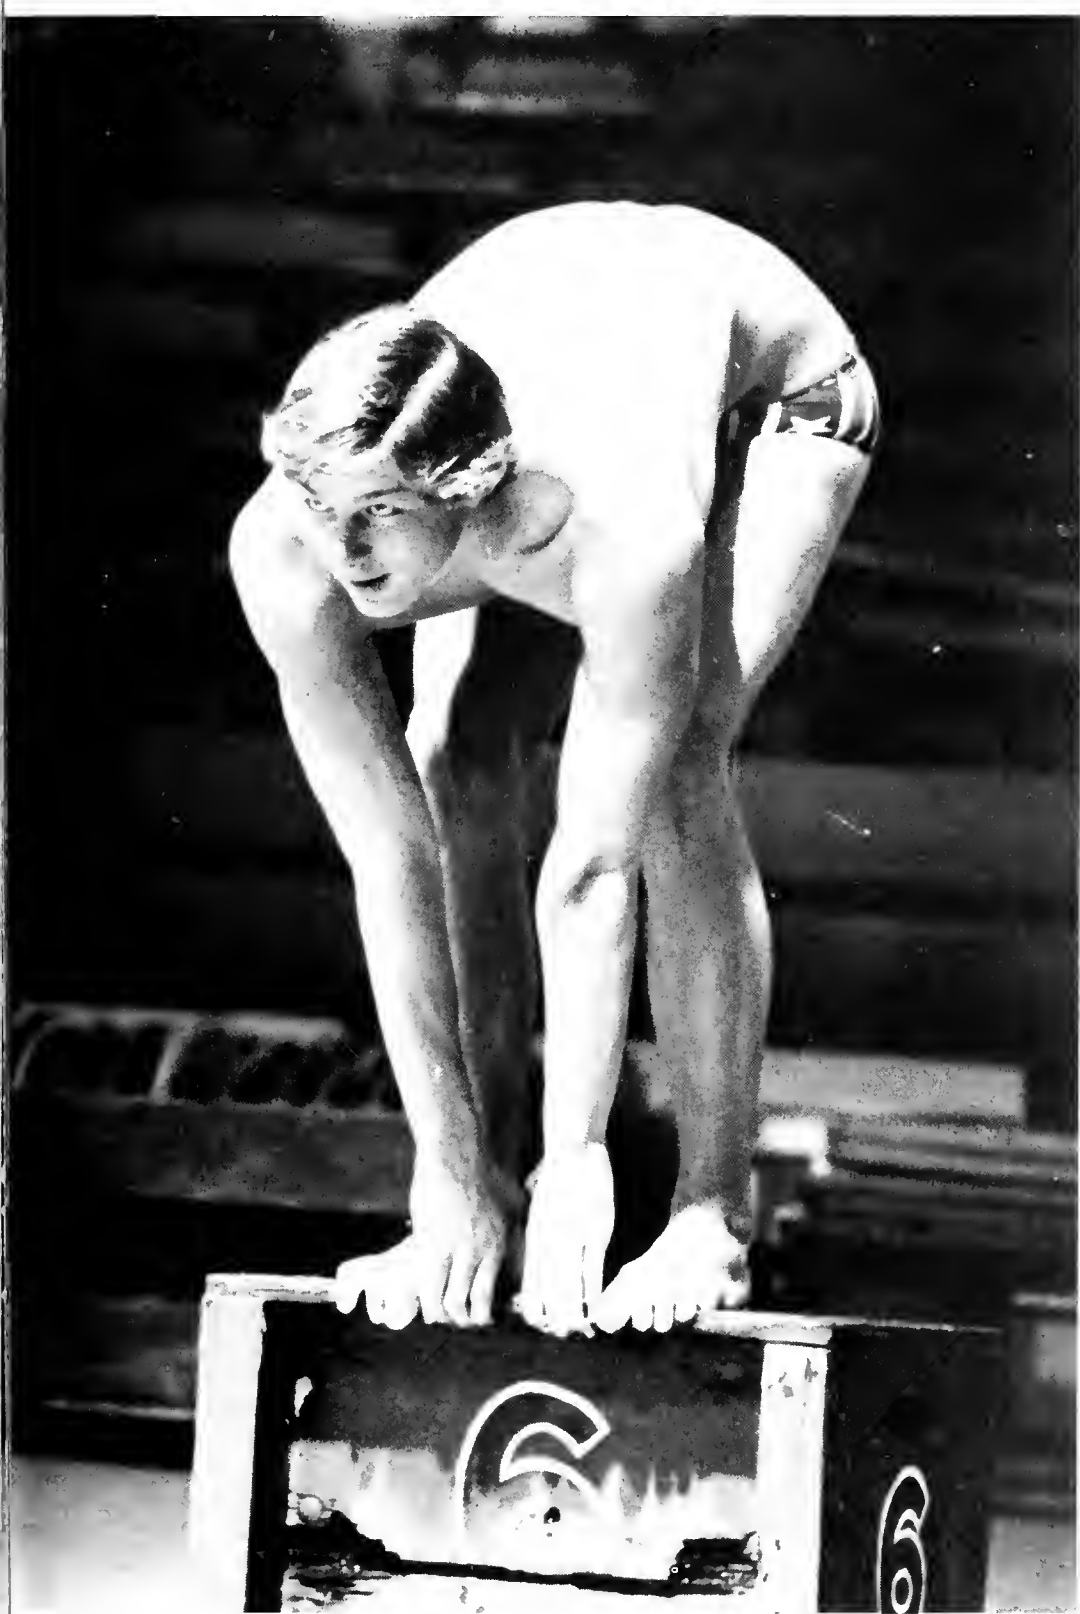

Another highlight of the year was hosting NCAA powers Indiana and North Carolina State, a meet that packed Perkins Natatorium to the rafters. Indiana won as expected, but SMU upset NC for second place in a wild finish.

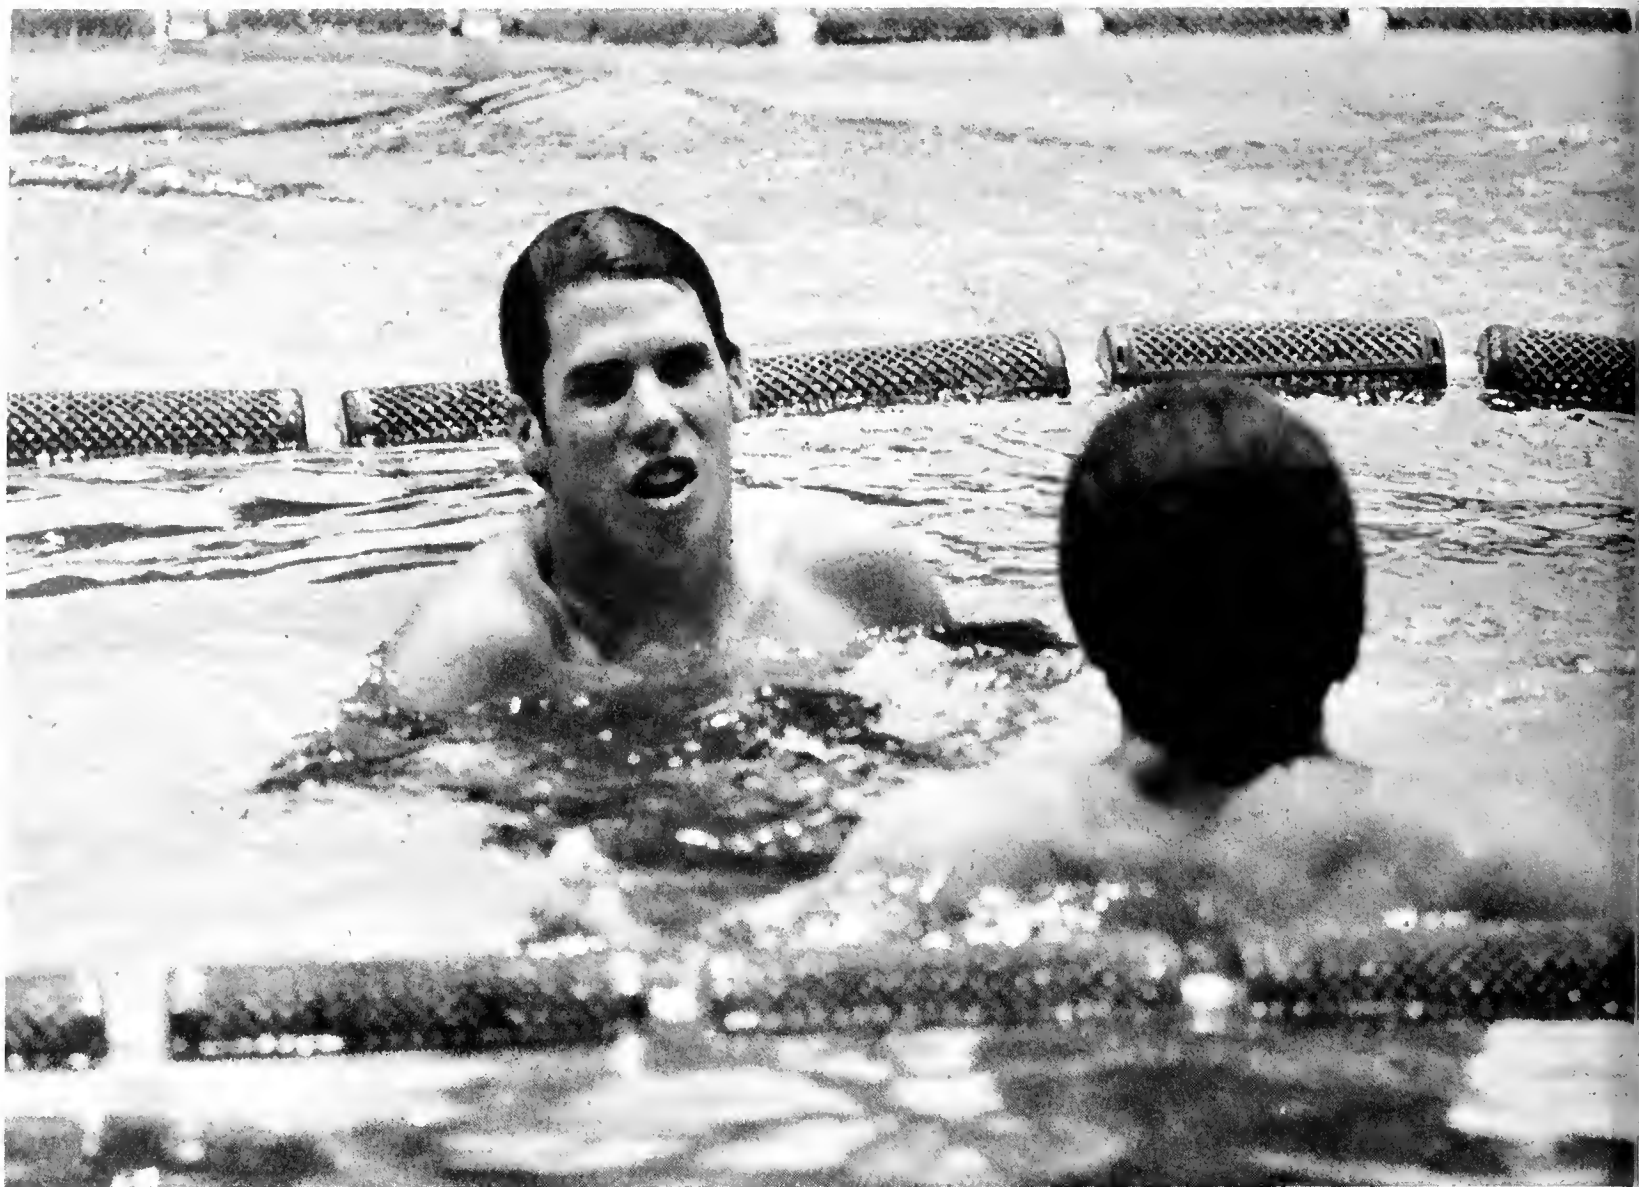

Another SWC title, Christine's letter, one more high national finish, avid student and community interest in the program . . . SMU still reigned king of the swimming world in this part of the country.

## SMU Women's Tennis Team

The 1974-75 Tennis team did what it does best — win. The Mustang netters, under Coach John Gardner, began the year at the Wisconsin Indoor Championship by beating Princeton and Southern Cal, and losing only to third ranked Michigan.

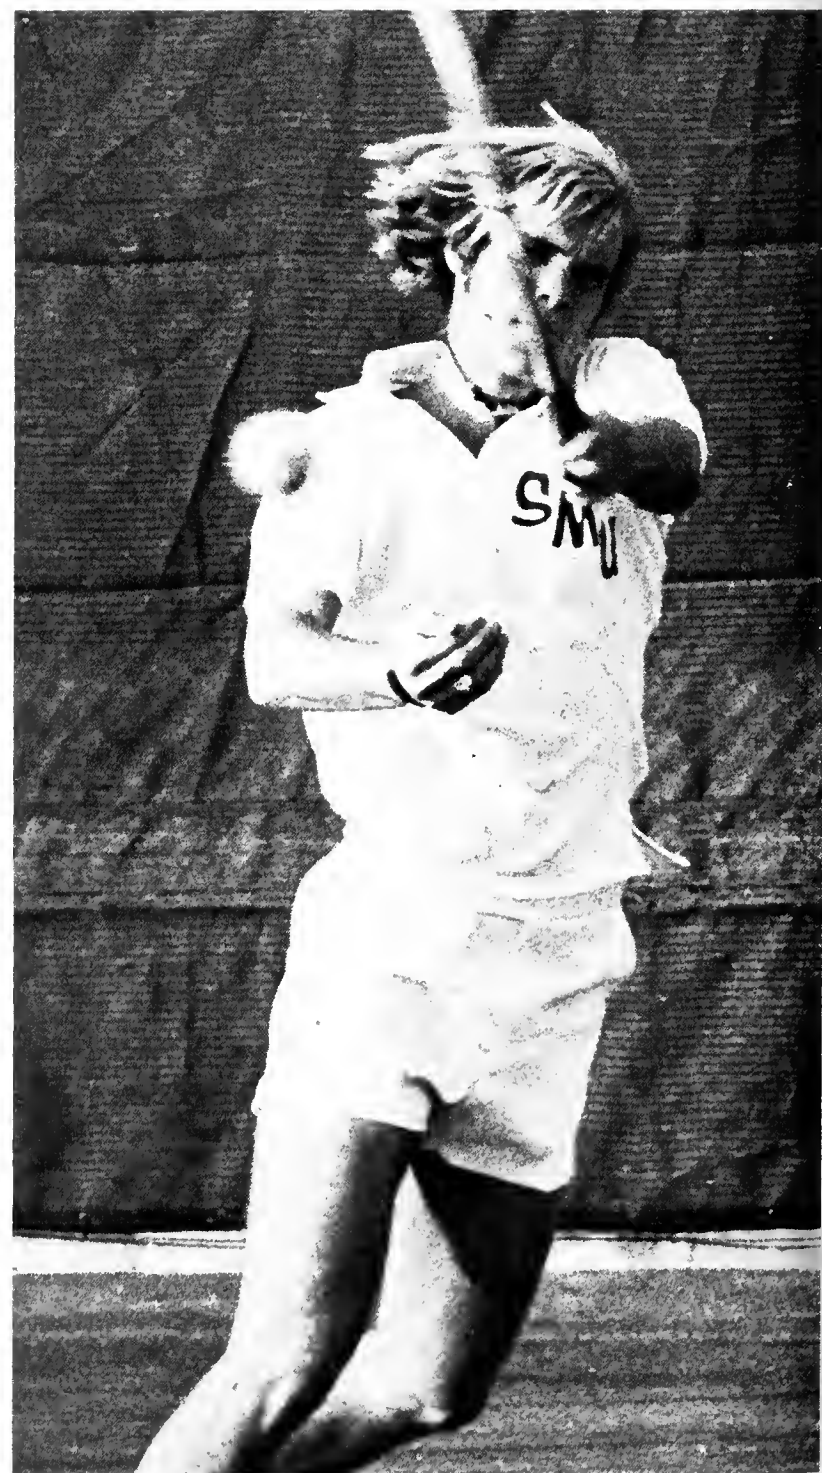

# tennis

Next came Conference play and a march to the title. It took convincing wins over Texas and TCU to sew up the league for the Mustangs. SMU won five of six singles matches and coasted to a 6-3 win over Texas. In Fort Worth, an 8-1 win over TCU put the Mustangs ahead with a 51-12 record in dual matches against Texas' 50-13.

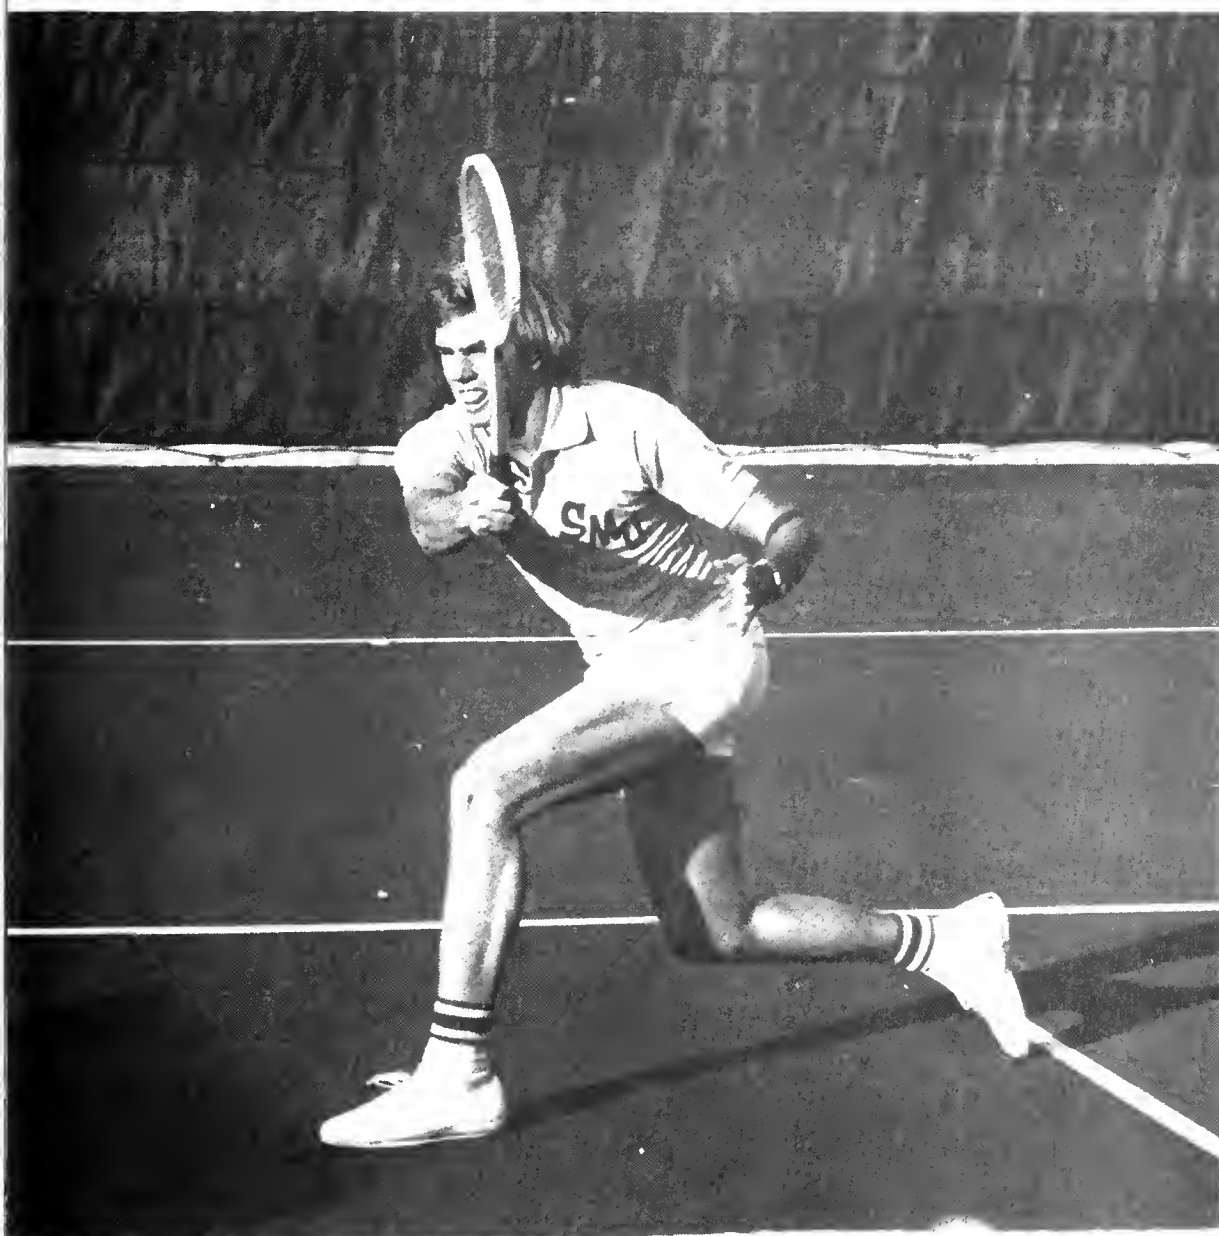

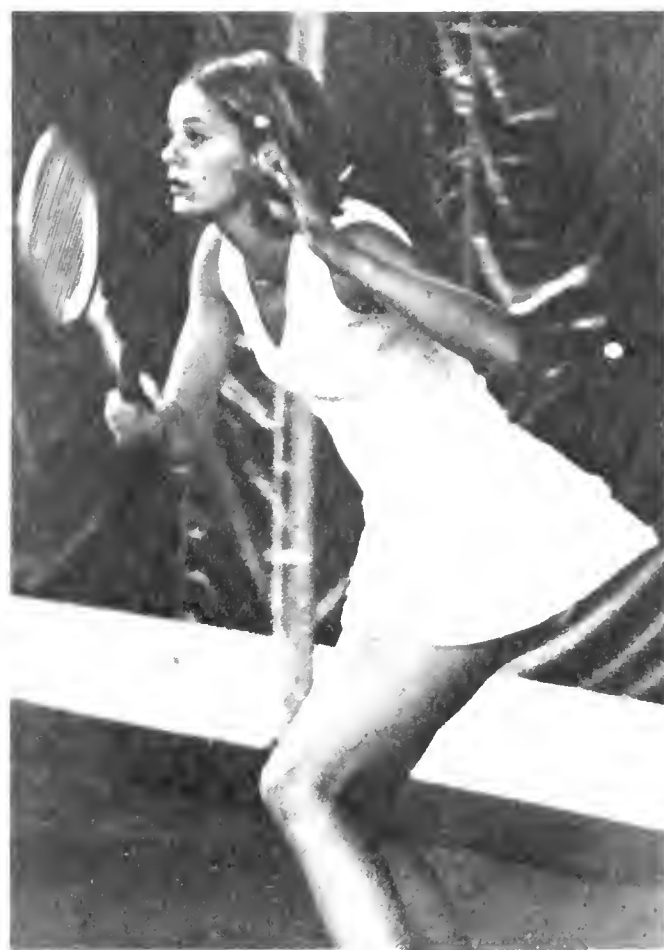

# tennis

The women's team, coached by Barbara Camp, also had an excellent year. Karen Cotter and Betsy Blaney won the state women's title by knocking off a team from Mary Hardin Baylor in the finals. At the regional tourney, the Mustang women's team finished 1-2-3-4 in singles and 1-2 in doubles, with Cotter and Blaney pacing the play.

## track

SMU Track, having lost many good men by graduation, began the year by building a team predominantly freshman. These first year men did very well and gained personal bests in their own events.

Highlight of the season was the mile relay. The all-freshman group broke the school record and placed second in the SWC championship in Lubbock, thus qualifying for NCAA meet. Members were Glenn Dittlinger, Cole Doty, Farley Burl and Gerald Burl.

Gerald Burl, quarter-miler, had an excellent year for any collegian and barely missed the school record.

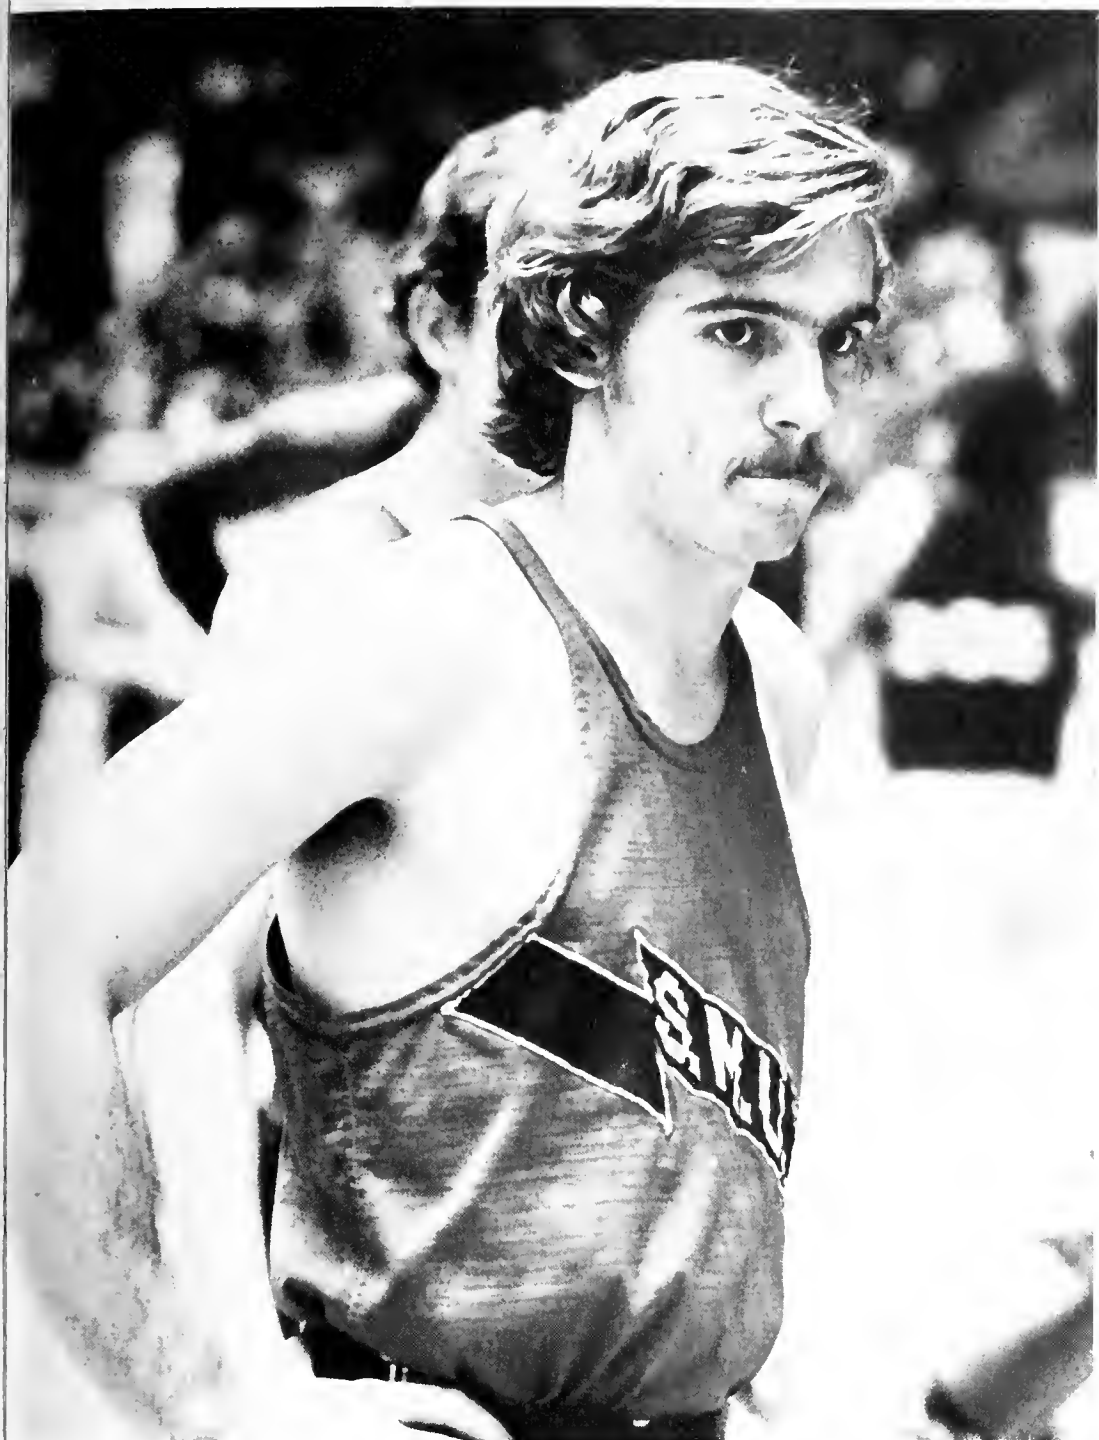

Senior Jeff Dixon ended a fine Track career by finishing fourth in the three mile run at the SWC meet. Jeff had four great years in Track and Cross Country.

Senior John Christopher had a good year in the javelin, finishing fifth in the conference and placing in six other meets.

## Soccer

Soccer crept from club sport to NCAA level in 1974-75 and is still climbing to national prominence. The Mustang team was elevated to NCAA level in 1974 by Director Dick Davis.

At the end of the fall schedule SMU was defeated in its re-bid for league championship by Texas. In the spring, Jim Benedek, former Dallas Tornado player, replaced Howard Mwikuta and coached the Mustangs to the title in the North Texas State Invitational by upsetting defending champions of Monterrey, Mexico, Tech and led SMU to the consolation bracket of the Baylor Invitational.

Soccer continued its popularity throughout the year, and at some games students stood three and four deep to watch the action.

Fourth Row: Kevin Charlton, Mark Hammond, John Sagehorn, Captain Ron Ridlehuber, Rusty Bourquein, Ted Thompson, Don Jarma, Mike Hall.

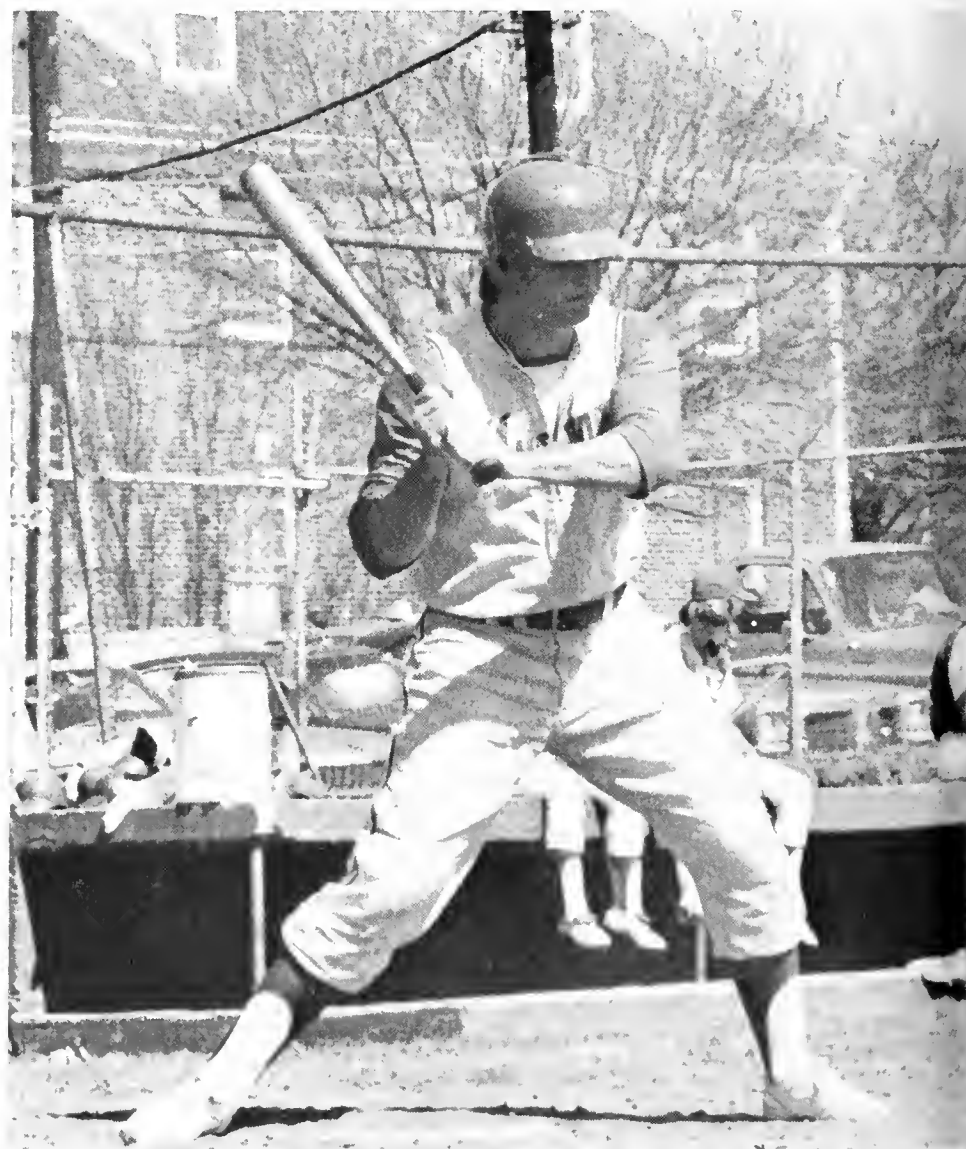

## baseball

Although not heavily endowed by scholarships, the SMU baseball team continues to play respectably. The Mustangs were 12-22 for the year and 7-15 in the Southwest Conference.

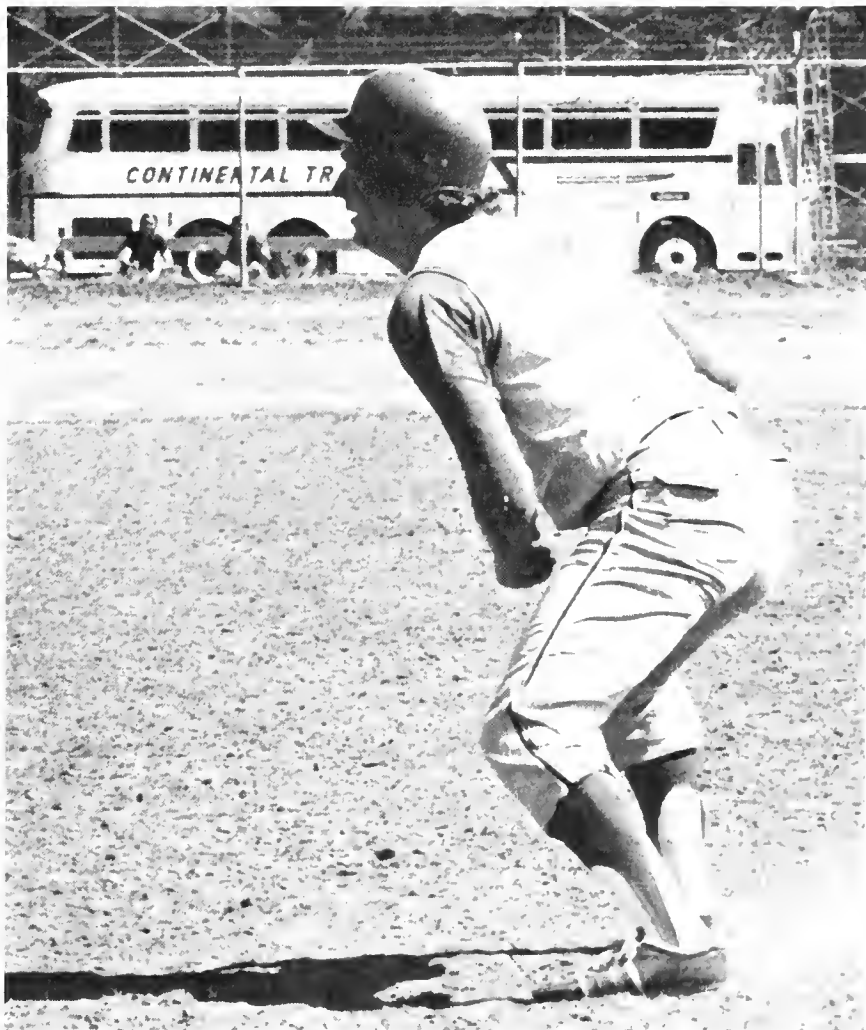

First baseman Ronnie Ridlehuber became the most productive homerun hitter in SMU history by batting 29 homers in his four year career. Ridlehuber not only led the conference in round-trippers, but his 91 runs batted in also stands as a SMU record.

John Park joined the SMU record setters by hitting three homeruns in a game against Rice to set the SMU record and to tie the SWC record.

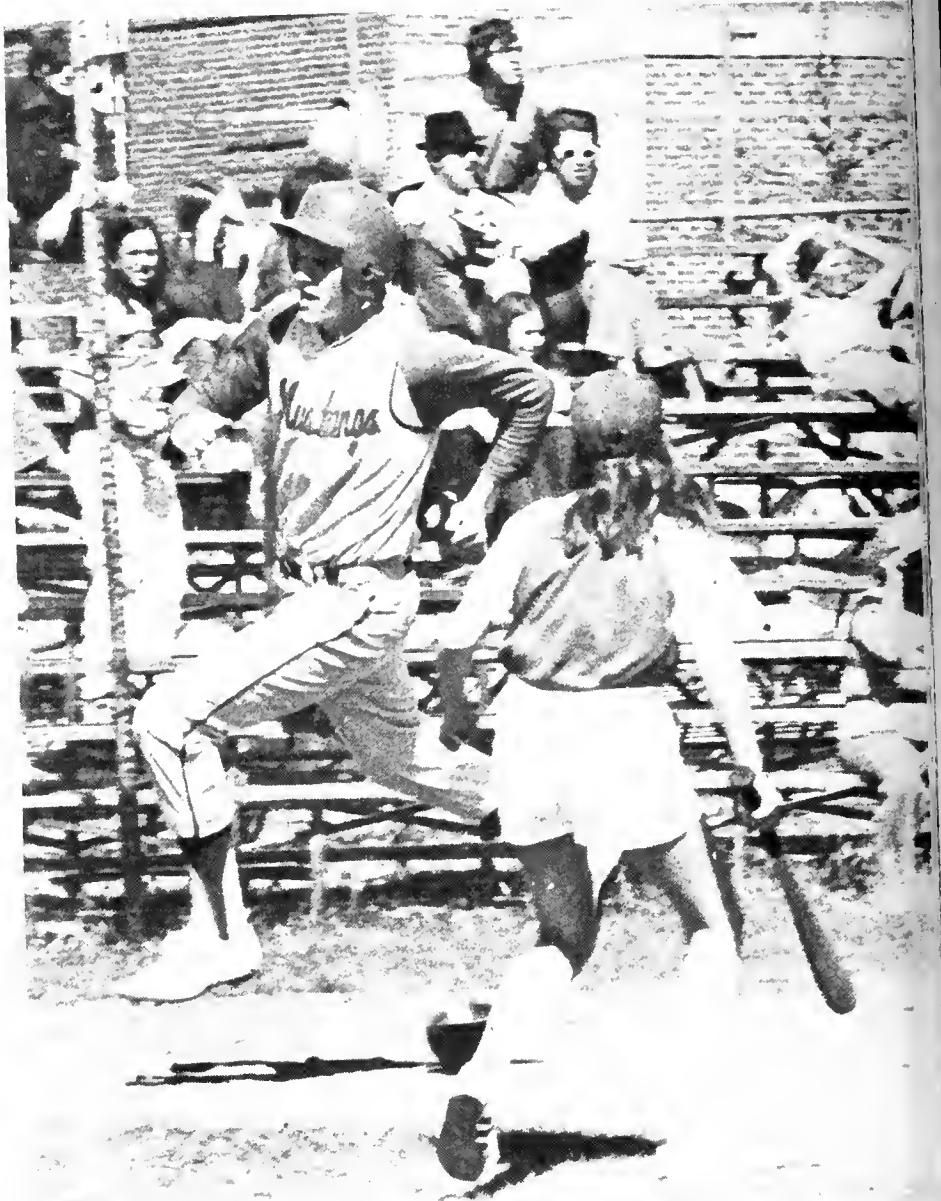

The highlight of the year for the team was the Riverside, California Invitational, the top collegiate tournament in the nation. SMU provided the tournament's leading homerun hitter in Rusty Bourquein, who blasted four homeruns in seven days and was named to the all-tournament team.

Front Row (left to right): Regan Brown, Mike Barge, Henry Cloud, Jim Eagle. Back Row: Mike Podolak, Mark DeBolt, Charlie Adams, Mark Triggs, Mike Huebinger, Louis Mann.

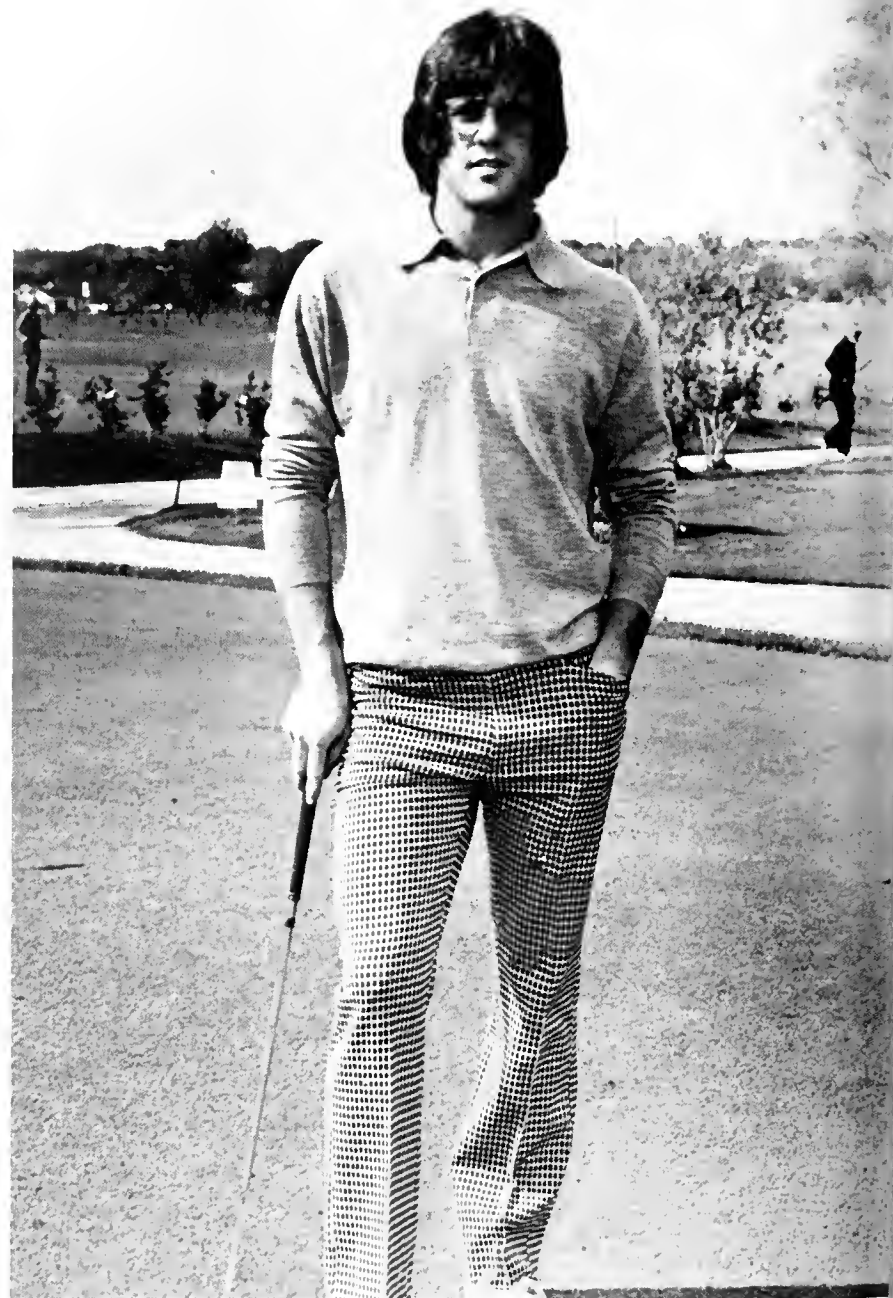

## golf

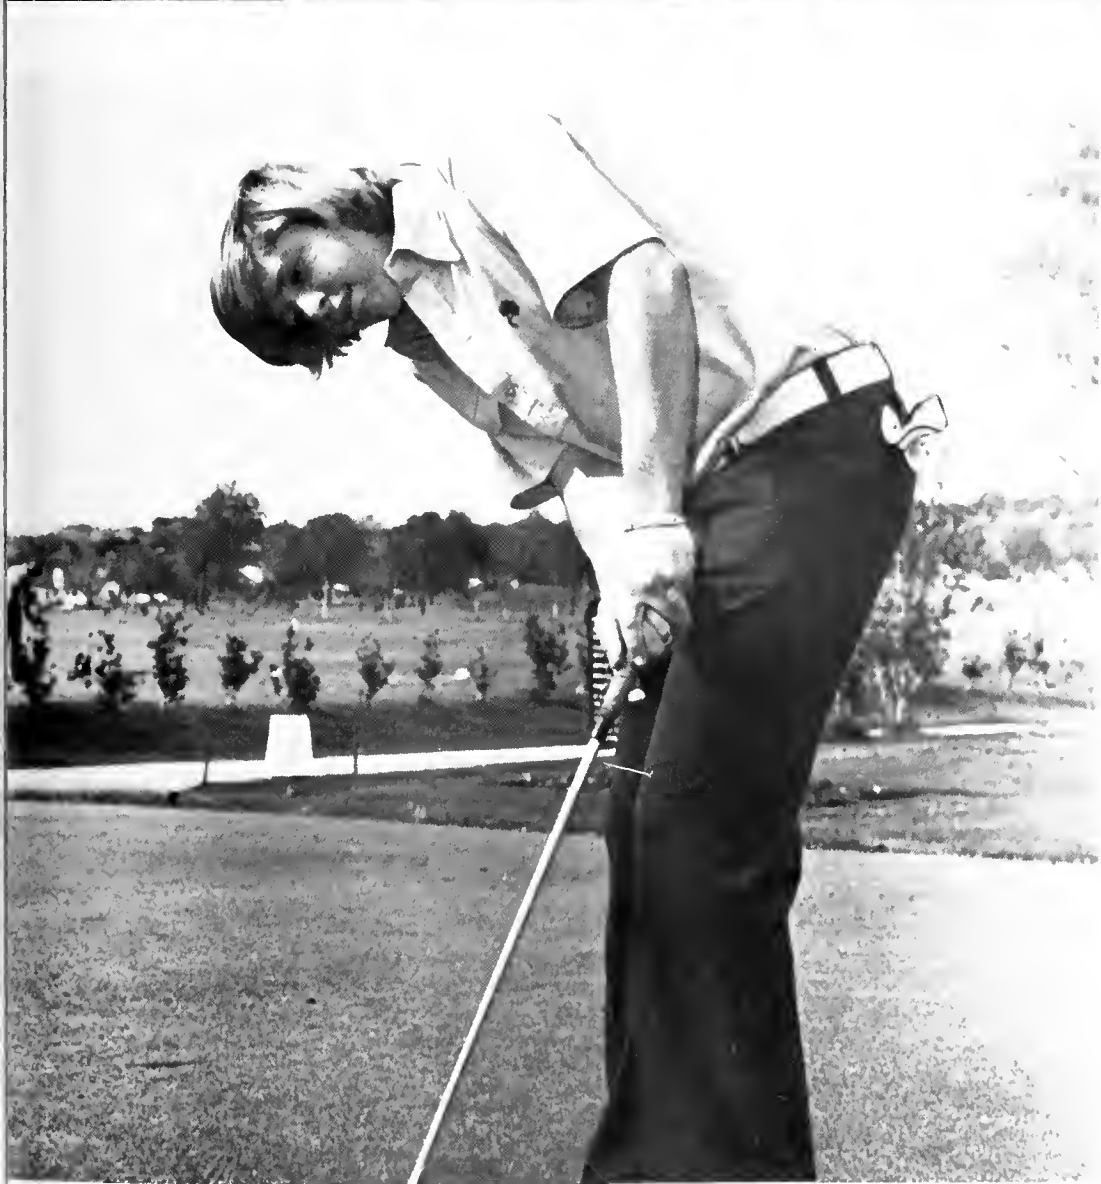

SMU's golfers finished in the top division in every tournament during the 74-75 season. The Mustangs began the year with a strong second place finish in the SWC fall tournament.

Junior Mark DeBolt shot a total of 218 and shared medalist honors with Houston. His three round total put SMU in the finals against Houston and the Cougars narrowly won the title.

After the fall SWC meet, SMU racked up two second place finishes in the Oklahoma City Invitational and the Harvey Penick Tourney, thus ending the fall schedule under Coach Louis Mann.

The Mustang golfers began the second semester under Coach Earl Stewart. They finished second behind Oklahoma State at the Cowboy Invitational. In the SWC Spring Championship, SMU finished third. Joe Hager and Mark Triggs had three round totals of 218; Charlie Adams had a 219; Barge and DeBolt were three shots back with 222.

# Greeks

**Greek-ness is not a disease or a blessing, but a phenomena which affects some 30% of the undergraduate student body.**

**Greek groups cover a wide range of activities — from service projects to drunken brawls, with a happy medium of picnics, parties and philanthropies.**

**These brothers and sisters infiltrate the campus as student body officers, beauty queens, Women's Interest Coalition members, random students, R.A.'s and alcoholics.**

Though Greeks have not cornered the market on truth, they are certainly not all bad either, and behind the secret words, handshakes, whistles and knocks — often hiding beneath foreign letters — the essence of Greek-ness is found: people.

# Alpha Tau Omega

In Richmond, Virginia, of September 11, 1865, three young cadets from VMI founded Alpha Tau Omega, the first Greek-letter fraternity organized after the Civil War. The purpose was to unite the men of the North and the South in brotherhood.

Maintaining at the country club in 74-75 the Texas Delta Epsilon chapter thrives, the pounding of pledge's feet sandwiches in hand. The fire with E. John are you high and life's a bitch. The boys go to Mexico and the line at the Health Center . . . gim'me a break ATO, what's your 20?; 3041. The cons win again. Arrowhead formal, lost cowboys, payup O.U. In quest of a Mom, bankers grey the fall of the wall: the Little Sisters new strength and the kitchen that works. Bates cup, Bud or Coors? Big Al hangs again while unisac is on it as always.

# Beta Theta Pi

B is for B.O. and B.M., or Borax (as in 20 mule team), or even Beek.  
E is for "Eatcha, Woody Berry" — remember those Miller, Jordan and Ogs? or for expressions: beek, gate, ose, wall-eye bang-air, cheese, bar, and all those ridiculous Three Stooges sounds.  
T is for "Tool" — notice how that rhymes with Mule?  
A is for Apathy, the distinguishing trademark of the O'FO's — or the Astrology Class 2311 held on the roof and conducted by E-mer.

T is for times of -kai-, like the mysterious cloud over the Beta house.  
H is for H-week — oh, how beek is the week? "Litoria, Litoria . . ." Can you believe all 33 are such geeks?  
E is for Elzie — "Yeah, yeah babe," "Fine, fine babe," "Ar-rah, ar-rah," and "Just a finger'll do babe." Does his mouth really squeak? Elzie is truly the one word definition of gate.  
T is for trips to Austin, Little Rock (still can't believe Bates slept with his gun — book'em Dan-o), Hot Springs, and Memphis. Aren't those the gatest? Don't bet on Dragon's teeth.  
A is for an assortment you wouldn't believe — everything from Crome Dome Baier to Bill ("Mellow") Jordan, Beef-Jerky to Crow, Harpo to Beek, "Summarize" Bear to "Oh Wow Man" Ida, and P-Head to Armor-Grease.

P is for puss, and whoever reads this is one — especially F'in Harry.  
I is for the "Eye" (get it?) of Wooglin — be careful where you sit, "I've never been so ashamed to be a . . .," "Thanks for that growth in my bed, Dan," and "Thank God I'm a Beta, and I hope to be a better one."

## Chi Omega

Chi Omega is 118 actives and 36 pledges who are unique different individuals but share common goals and ideals. It is not having a stereotype, and being proud of it. It is striving to be natural, real — nothing fakey or "put-on." It is working on Homecoming floats until three in the morning and getting slap-happy and silly, champagne pre-parties before formals, finding someone willing to break their diet to go to Swenson's with you, sharing yourself to find yourself, winning the beer-drinking contest at Meet Market, Chapter retreats with singing and s'mores, having a Halloween party for orphans. It is a very special place, where warmth and friendship shine from the last house on sorority row; where both good times and quiet peaceful moments can be found. But mostly, where there are people — each one an individual and proud to be — who believe in what they're doing and who care.

# Delta Delta Delta

Once upon a time there lived in Deltaland a girl named Dawn who walked downtown . . . and was picked up by the Speeding Cub on the three-wheeled chariot. They were headed for 3100 with a short stopover in Pine Valley at noon for lunch with Phil.

After a tasty meal of mystery meat and fried okra they followed the rainbow to the home of the elite 36. As they came to a screeching halt, they caught Maxi skipping down the street after Socie to slip her a Mickey.

They entered the foyer only to be greeted by the peanut gallery. All of a sudden room 1 came sliding down the banister and said, "Delta, Delta, Delta . . . may I help ya', help ya', help ya'. Yes J.J. . . show them the upstairs. Dodging the runaway hoola hoop, Dawn entered the bathroom to find B.P. at her desk floating in hot (?) water . . . burrrr!

"#!\$? . . . Who?? . . . You have a visitor." The tour was stunned by outbursts of: "Open it . . . no, shut it . . . no, raise it halfway! . . . Good morning actives, your pledges are here . . . dacquiris at 2949 tonight . . . you keep me hangin' on . . . Mr. Beeg wants an investigation of dis organization."

We have to move on . . . there are places to go, people to see, and things to do. The bell clanged as Dick, John, Jeff, and Mark chorused, "Coffee, tea, or me?" Dawn said a fond aloha and a happy HONK! to the Delta Darlings. DON'T TRY THE OTHERS TRI DELT!!!

# Kappa Alpha

The new house survives its first year of abuse. (thanks for the shows next door!) Hot times at Stan's Blue Note — a cold vacation in Aspen. Wesson blasts over the line for "six" . . . The Cannon responds. Thursday night at the Circus . . . Friday morning in jail. Screaming Yellow Zonkers, Zella-burgers, Lou's chicken. 4:30 a.m. and the Bones are still rollin'. Rebels rule I.F.C. again. Andy and John pull in a "marginal" 25, That was a ride? Santa Fry, and small step for Beau. Anderson pays \$30 for "relief." The parties at Moore's and Hegeman's. Fly the Flag; (Ripley's the same). The Kappas were the key to Old South. So tough in intramurals . . . What can't the round-man do? Mudman gets crabbed, Luke doesn't do "that kind of thing!" Pajama party is a provocative teaser, Southern Belles are excellent in all fields. Hartsell's coming back??? Gone . . . Wally steps outside — Bunton? — Romo, T.S.O.; the midnight raider, Goodle, (Bush isn't "leafing") V.W. . . . But not forgotten!

# Kappa Delta

Wherever she is, a Diamond Girl,  
 If you're down, no words are necessary,  
 She understands, and if you're up, you can  
 be sure that she's right there with you  
 On TOP of the rainbow.  
 You may meet a Kappa Delta in the quad someday,  
 Watching the sun set . . . or rise . . . or you may meet her  
 At the Lambda Chi Food Drive, at Sustentation, at  
 M.O.V.E.,  
 at Project Motivation, or  
 At Meet Market . . .  
 Or the Library (both of them)  
 Or at just about any place that's anyplace  
 On the weekend.  
 What is a KD? It's a feeling you get  
 When you see a dagger, or a white rose, or a friend  
 It's knowing that no matter what, you are.  
 It's "so what if it's five am, I'm hungry" and  
 It's "somebody called you, but I don't remember his  
 name."  
 It's AOT.  
 If you haven't met KD yet, look for her.  
 When you find her, you may never let her go.

# Kappa Sigma

## RECIPE FOR A KAPPA SIG:

Take one raw freshman, tenderize with Kappa, Pi Phi, DG, ADPi, Gamma Phi, and independent Stardusters, shake well in a tug-of-war at Texas Stadium, and season lightly with Mother Fuqua's G.P.A. Throw in a handful of no comments and an amoeba; then add twenty-five new men and a Frito and pound thoroughly in a Toilet Bowl. Let this mixture rise to the top of the house for a float, then roll in a van. Sautee in drinking contests at the Stables and Meet Market, and strain through all-nighters. Boil well after elections and cool in Brotherhood. Four years later remove Marks, Dave, Jims, Ed, Ted, Abdi, Bill, C.P., Landon, and Jerry.

For special seasons — Fall: add football, basketball playoffs. Winter: pajamas and a drunk Santa. Spring: a Luau. This mixture may be served at formals, dances, TGIF's, or wherever close friends congregate.

Who are we?  
What are we?  
Who cares?

National loves us . . . other frats hate us . . . girls crave us . . . Fiji's lose to us (again!!) . . . 160 heads . . . 320 pairs of legs and arms . . . all going a thousand different directions . . . all sharing one fraternity and one bond . . . all in love with wine, women, and song, but most of all our fraternity.

Another year and the House takes on a new look as the Seniors take over . . . Chops expand to LXA West . . . infiltrators spread to the Freshman Quad . . . Football starts the year off with a bang . . . Midnight signs ("The Purple Pilgrim is a Fairy") . . . Milton and the Pakia wagon roll . . . but there is no joy in Chopville that night (Mighty Mike has been struck down, but not out) . . . The House finds itself in new positions late at night . . . One night it almost crashes and burns . . . Mary Hay wishes it did.

Chops dance to the tune of number one in football, golf, and pong . . . Cheerleading au naturel at 3:00 A.M. . . . speaking of which "the Committee is now in session" . . . the Mooch still lurks . . . The House has gone to the dogs (Feldis, Shannon, and Sandy that is) . . . The Chops find a pledge trainer who needs training . . . drinking out of a pitcher with toes on it . . . showing us how he lights his fire . . . waving a purple goose . . . "C'mon Milton, we're supposed to be impoverished scholars."

A new semester a new look . . . Seniors kick it off as the blenders keep churning . . . New Prez is a little Austintatious . . . Tom's Patio and Grill goes under new management with Phil . . . and believe it or not we're almost through . . . new paint on the house and each other . . . Rush is the word for it . . . Tahitian Blastoff takes off for the ceiling . . . watching the slide show for seven times and still cheering . . . 34 new AM's, raw as rookies but learning fast . . . Rod, the bouncing AM . . . one day on the ranch and they think they're cowboys . . . Chop takes on a new meaning as Kung Fu moves in . . . Whatever happened to the Mad S\_\_\_\_r? . . . I guess it just won't work in #3 anymore.

Another year . . . a thousand memories . . . to those who are leaving. You know we couldn't have done it without you . . . Happy Trails . . . Pakia!!!

# Phi Delta Theta

1974-75 was a year of change and transition for ΦΔΘ.

3072 became a haven for unwed Peckers and other assorted creatures — Tidy Bowl, the Donkey, the Twins, and Wonder Boy.

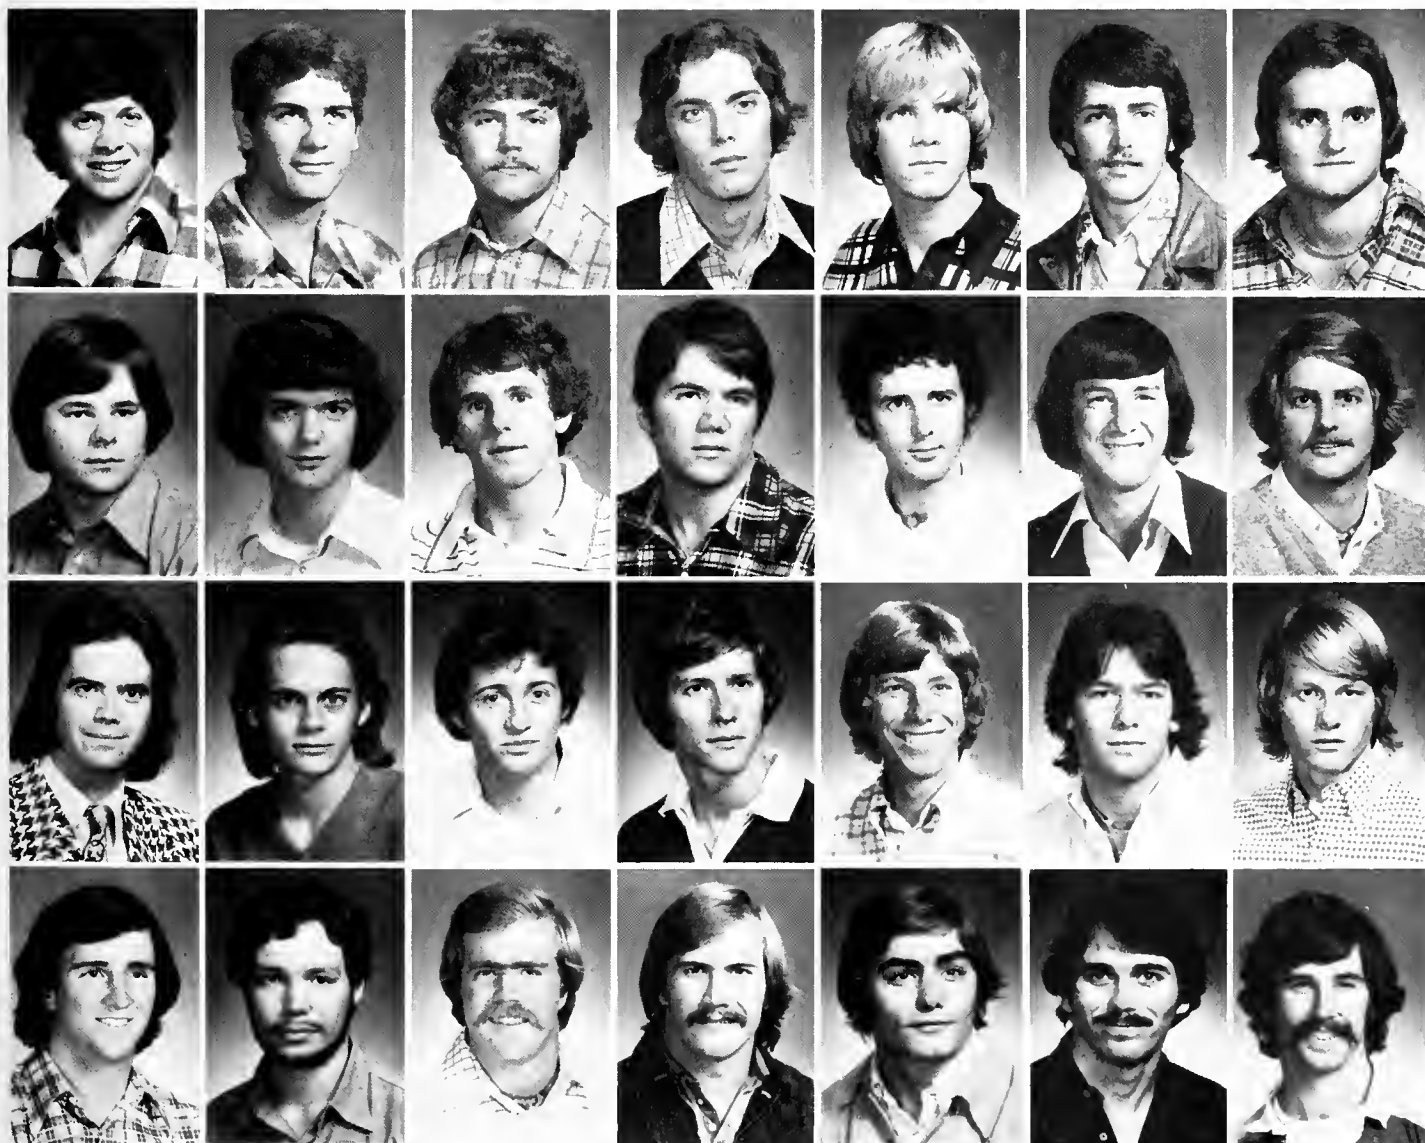

During this memorable year of change, the Ghost fled for apartment living, the Siamese Twins became dynamic, Nubs sprouted wings, Monning sprouted sprouts, Chateau Bullitt, Bristol brings us the Pajama 500, and Brothers in the Band, some catch the windblown look, Jones comes around, Vance learns to ski, McCormack leads the dog life. Yudell still can't talk, Conform has a breakdown, Humper goes red, Bozo goes hog, Puckett plays Pappy, the Jeep rides the rails, Frito treks to Mexico, Sharp got duller, and DiGi holds on to "The Pit."

Fearless Fall leadership stood solid in the face of trial and tribulation brought about by hanging beds and Dallas Transit Employees. "Poppin Fresh" Collins and Wilson control the mob under Conoly's Rules of Order. The first Noel and the Weasel provided comedy relief with forgotten buses and parties in the house.

Second semester saw R. Key and Duma trying to undo what had been done with Hayasing ever prominent, Kingman hires a C.P.A., Stump and Wonder brought home 31 of the Hill's finest. B. Van takes charge of the Mad Mexican Pokers, and gives them instruction and Tender Loving Care 'a la Spatten.

But Royal decided to beg for another "D" Light and Coyle down that long Lumpy Rhoads already muddled by Aycock.

Octo es Magno, the Bunch, and the Blood Brothers still lurk around the place. Gossett on the Mount, Slimy Beagle and the Choking Dog, Clayton plays leader, Taco comes out of his shell, Craine dodges pies and jumps the tank, Boug and Merle chew a chew, Murph and Herr retire as coach, Cosmic plays landlord to the "G as D" boys. Seniors become swinging unemployed, and Mom, Minnie and Herman provide that touch of humanity that help the B's in the B survive, and keep the house, not to include roof, together.

# Pi Beta Phi

Rush and new pledges kicked off the fall,  
Football, the Stables, the Old Church for a drunken brawl.

A spookhouse and orphans on Halloween night,  
Turby's face was sure a frightening sight.

Monmouth was super, but that's no surprise,  
What better match than the Kappa's and PiPhi's.

How can you mend a broken heart?  
It seems the seniors have gotten a headstart.

Mom's day, Dad's day, a visit to the zoo,  
Second place in the diabetes drive went to the wine and blue.

Thursday night at the Meet Market we met —  
Then Friday morning we try to forget.

Honk, Honk, quack, quack, Budke's in the hall,  
Later in the spring, SAE's "bared" it all.

Rotunda beauties, a cheerleader, and Angel Flight,  
A trip to DFW in the dead of the night.

Twinkle, twinkle little toes,  
Why can't "Missiles" dance like Jo?

It takes Bloody Mary's to make a Friday right,  
It's a proven cure for a Thursday night.

Perri and Gayle won't get out of the car.  
Pledges didn't realize DBC was so far.

Sara and Shirley have done the best,  
And the houseboys (all five) have met the test.

With summer and finals drawing so near,  
Seniors think to graduation and their career.

Though they must leave and with honors all,  
Wonderful memories of Pi Phi they will always recall.

For Pi Phi is that special thing,  
It's as precious as an angel's wing.

Between the gawkiness of early adolescence and the dignity of full manhood, we find the creature known as the S.A.E. He comes in assorted sizes, weights and ages, but all seem to have the same creed: to enjoy every minute of every hour of every day; to delay doing class assignments and term papers; to anticipate forthcoming weekends; to engage in all-night bull sessions; to do the right thing at the wrong time and the wrong thing at the right time; to spend money extravagantly; to complain incessantly; and to work together as brothers.

He likes cars, girls, parties, Chivas Regal, as little work as possible, unlimited cuts, beer, the bed, weekend trips, snowbound house parties and La Grange.

The S.A.E. is a magical creature; he can make your life miserable or elated. He can be concerned or indifferent. He can make you laugh or he can make you cry. He can be serious or he can be irresponsible.

But he is always your friend.

# Zeta Tau Alpha

Dear sisters,

It is difficult to capture what Zeta was in 1975 for all 136 of us. Of course we were all in on the important things — food, parties, etc, but in other ways we went in a thousand different directions. Julie led the liberation-types to Symposium, while Pamba, Yode, Karen, Kay, Lynn, Susan and Sylvia made their way into the hearts of freshmen. Terry and Judy 'get down' Dunn discovered the fire escape was functioning, while room 8 became "too smooth." We won the Homecoming decoration (to everyone's surprise including our own) and Derby Day and the Lambda Chi can drive, again. Of course, there were some not so good things too, like no one showing up for the service project. We had a healthy crop of politics, along with the usual honorary-intellectual-4 point-type-people. We watched at lunch as Charles left Phoebe and Phillip found out little Phillip was his son. Yoachum, Juno and Druliner pulled a rabbit out of a hat and turned 32 real toads into bona-fide Zetas. The seniors started their walk in September, but Brenner threw a Zucchini Turnip Ant party for them anyway. Cynthia, Betty and Kathy got a gold star for perfect attendance at jr. exec. meetings, and though the absurdities seemed insurmountable, Janie remained calm. The mysto is safe — no ones knows what is buried in the back yard. Yes, indeed, we're all fine, and you?

# When your folks come to town reserve their room at the Hilton Inn.

They can meet your roommate over an exotic Trader Vic's dinner... and they'll enjoy Harper's Corner, our club 10-stories above Dallas' skyline. Parents appreciate the spacious guest rooms and the extra-long beds, too. There's plenty of free parking, and the Hilton Inn is conveniently located to the SMU campus.

Read this book. It certainly won't make a difference in the way you live your life, but it might help you find something you never noticed or forgot or ignored. If your picture is out of focus, or your name is spelled wrong, I am extremely sorry. Many times we were uncertain, but I am sure of one thing: I will never, never do this again.

I would like to thank the following people especially: Charlie for his moral support, Mrs. Hight for everything, Johnny Kazmierski and David Marshall for the major portion of the photography, Don Gibson for the film festival photographs, Bob Condron and John Connelly for the sports copy, Cheri and Sherry for being around, Ken Konlande for his excellent photographs, Steve for his indexing, Lisa for her typing, Pam and Christi for being so patient, Holly and Tom for their time, Dave Meigs for once again being a magician, and, of course, Bishop and SG45QD.
